# 2022

## ANNUAL SECURITY REPORT AND FIRE SAFETY REPORT

THIS REPORT CONTAINS CRIME STATISTICS DATA THAT SPANS THE FOLLOWING CALENDAR YEARS: 2019, 2020 AND 2021.

OCTOBER 2022

St. Louis Community College has been a leader in education and career training for people from across the metropolitan area since 1962. For sixty years, the community and employers have chosen STLCC to earn associate degrees, earn credits to transfer to four-year colleges and universities, or to earn career certifications and career training. The College welcomes recent high school graduates, working adults, those seeking continuing education courses as lifelong learners, people who are developing or re-defining their skills in the workforce and more.

When our students are making decisions about their educational pursuits, they want to know if St. Louis Community College is safe, and they expect to find updated safety data.

To comply with federal mandates, STLCC has prepared its annual security report as a valuable resource for students and the communities we serve.

To develop this annual security report, STLCC police work in conjunction with faculty and staff, as well as local, state and federal law enforcement entities to ensure a safe environment so that students feel empowered as they seek to expand their minds and change their lives. Please understand that STLCC was not exempt to the impact of the COVID-19 pandemic over the past two years. We stayed focused on safety as a priority for our College communities.

On behalf of St. Louis Community College and the Board of Trustees, thank you for your support.

Sincerely,  
Jeff L. Pittman, Ph.D.

## Director's Introduction

St. Louis Community College publishes this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Crime Act, as amended by the August 14, 2008 Higher Education Opportunity Act. "The Clery Act" may be found in 20 U.S.C. §1092(f), 20 U.S.C. §1092(i), and 20 U.S.C. §1092(j), and the regulations (the detailed rules that outline how the United States Department of Education will enforce the law) may be found in 34 CFR §668.41, 34 CFR §668.46, 34CFR §668.49, and Appendix A of 34CFR§668.

The Clery Act requires Institutions of Higher Education (IHE) to prepare, publish and distribute an annual security report containing specific information regarding law enforcement, security, legal and disciplinary policies of STLCC. The St. Louis Community College Police Department (STLCCPD) has a professional working relationship with many other law enforcement agencies whose jurisdictions are adjacent to or surrounding the various campuses of STLCC. These include but are not limited to the following: St. Louis Metropolitan Police Department, St. Louis County Police Department, Kirkwood Police Department, Ferguson Police Department, Creve Coeur Police Department, Bridgeton Police Department and numerous fire departments whose service region is adjacent to or incorporates one or more of the campuses of STLCC.

This report contains useful safety and crime prevention information. The statistical information collected for this report does not contain any names or specific locations to maintain the confidentiality of any victims. STLCCPD encourages all students, faculty, and staff to use this document as a guide for safe practices on and off campus, as well as a guide for reporting suspicious persons/circumstances, crimes or emergency situations.

We thrive on the Community Policing Philosophy and the most important ingredient in that philosophy is mutual trust and respect. It is our mission to inform students, staff and visitors of incidents that occur in and around our campuses. To that end, we present this document.

# St. Louis Community College 2022 Annual Security Report (ASR)

## Clery Act Requirements

### Publish an Annual Security Report (ASR)

The Clery Act requires STLCC to annually publish a report by October 1; documenting the previous three calendar years of select campus crime statistics including STLCC security policies, procedures and information on the basic rights guaranteed to victims of sexual assault. The law requires that schools make the report available to all current students and employees.

Prospective students and employees must be notified of its existence and given a copy upon request. Schools may comply with this requirement via the internet, if required recipients are notified, and provide exact information regarding the online location of the report. Paper copies of the ASR should be available upon request. Annually, all crime statistics must be provided to the Department of Education and submitted online within 15 days after October 1. These crime statistics are published on the Department of Education reporting website: (<https://ope.ed.gov/campussafety/#/>)

## Overview: Law Enforcement Authority and Powers

The STLCCPD is a fully functioning law enforcement agency appointed by the Board of Trustees. They are commissioned armed law enforcement officers with full police powers, as authorized in section 178.862 of the Revised Statutes of Missouri (RSMo).

All commissioned STLCCPD officers possess the same powers on the St. Louis Community College campuses as city police officers within their particular city. In addition, commissioned St. Louis Community College Police personnel, by the virtue of Missouri state laws, possess certain state-wide powers of arrest for certain offenses like all other peace officers in the State of Missouri. Specifically, as outlined in the Revised Statutes of Missouri, the applicable portions state:

In addition to the powers prescribed in subsections 1 and 5 of this section, section 544.216, RSMo., and any other arrest powers, a law enforcement officer or federal law enforcement officer as defined in subsection 8 of this section, may arrest on view, and without a warrant, at any place within this state, any persons the officer sees asserting physical force or using forcible compulsion for the purpose of causing or creating a substantial risk of death or serious physical injury to any person or any person the officer sees committing a dangerous felony as defined in section 556.061, RSMo. Any such action shall be deemed to be within the scope of the officer's employment §70.820.1, RSMo.

Thus, in every respect, commissioned law enforcement officers employed by STLCC have enforcement authority. Furthermore, by virtue of state law, STLCCPD personnel may apprehended violators anywhere within the State of Missouri for any offense, regardless if committed in their presence.

Please note, the on-campus crimes reported to other local law enforcement agencies will typically be referred to the STLCCPD for report and investigation.

In addition, STLCCPD is staffed with security officers possessing limited powers. These personnel may respond to all calls, including incidents such as non-injury motor vehicle accidents, parking violations and other similar incidents, as well as being assigned to post positions.

At times, due to limited manpower, STLCCPD functions may be augmented by police officers from St. Louis Metropolitan Police Department, St. Louis County Police Department, Kirkwood Police Department, Ferguson Police Department, Bridgeton Police Department and the Missouri State Highway Patrol. While there are no official memoranda of understanding or other agreements in place, the aforementioned agencies each

possess powers of arrest on one or more of the STLCC campuses. All crimes, both felony and misdemeanor, that occur on STLCC property are investigated by officers of STLCCPD. It is the policy of STLCC that all persons (faculty, staff, students and visitors) are encouraged to promptly report all incidents of crime or suspicious behavior to STLCCPD officials.

### Maintain a Public Crime Log

Institutions with a police or security department are required to maintain a public crime log documenting the “nature, date, time and general location of each crime” and its disposition, if known. Incidents must be entered into the log within two business days. The log should be accessible to the public during normal business hours, remain open for 60 days and subsequently made available within two days upon request.

A copy of STLCC’s public crime log is available by contacting STLCCPD, on-line and print copies are available at each campus police office upon request.

### Reporting Crimes and Emergencies Policy

To fulfill the mission of providing a safe, secure and enjoyable environment to study and work, all members of the STLCC community, including visitors, students, faculty and staff are strongly encouraged to report any suspicious person/event, criminal activity or emergency they observe. Reporting can be accomplished in several ways depending upon the urgency of one’s need for assistance. In instances where victims or witnesses to an incident elect to remain anonymous, appropriate steps will be taken by College police to fully protect the identity of these parties. This policy is meant to encourage the reporting of suspected crimes and to protect alleged victims.

For bona fide emergencies requiring POLICE, FIRE or EMERGENCY MEDICAL SERVICES response, DIAL **8-911** from any campus phone. ALL such **8-911** calls will connect through the dispatcher with the STLCCPD. Dispatchers at STLCCPD monitor each 911 call made from a campus phone. Individuals may also elect to **DIAL 911** in a bona fide emergency.

### Emergency Telephones

Emergency telephones are located throughout STLCC campuses. When the receiver of an emergency telephone is activated, STLCCPD is contacted.

For non-emergency calls, STLCCPD may be contacted from any telephone at the exact number for the local college police. Calls will be answered by a STLCCPD dispatcher. Contact numbers for the four main campuses are provided below. Any educational or outreach center within the Clery geography for STLCC may contact any of the listed numbers, from which assistance will be provided. STLCCPD Central Dispatch can be reached at 314-539-5999:

Campus	Phone number
STLCC-Florissant Valley	314-513-4300
STLCC-Forest Park	314-644-9700
STLCC-Meramec	314-984-7667
STLCC-Wildwood	636-422-2000

Crimes may also be reported in person at any police department office on the main campuses of STLCC or directly to any college police officer present on a campus. STLCCPD is open 24-hours per day, every day of the year.

### Campus Security Authorities

Crimes may also be reported to a Campus Security Authority (CSA). The Clery regulations found in *34CFR 668.46 (a)* define a Campus Security Authority in the following manner:

- *A College police department or a campus security department of an institution.*
- *Any individual or individuals who have responsibility for campus security but who do not constitute a College Police Department or a campus security department under paragraph (1) of this definition, such as an individual who is responsible for monitoring entrance into institutional property.*
- *Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.*
- *An official of an institution who has significant responsibility for student and campus activities, including but not limited to student discipline and campus judicial proceedings. If such an official is a pastoral or professional counselor as defined below, the official is not considered a campus security authority when acting as a pastoral or professional counselor.*

Specific examples of CSA's at STLCC:

- Managers of Campus Life
- TRiO program directors
- Athletic directors and coaches
- Faculty and staff advisors to student clubs
- Campus presidents or deans
- College police and security officers
- Campus senior student affairs officers

Students, staff and visitors to any campus of STLCC are strongly encouraged to report any suspicious persons/circumstances, criminal conduct or emergency incidents to these Campus Security Authorities so that appropriate decisions on timely warning reports and annual statistical disclosures can be made.

It will be the role of the CSA's to be there for students as someone to whom they can report crimes, look to for guidance if they have been victims of a crime, or if they simply need advice as to whether they should report an incident. If an individual chooses not to report a crime to a representative of STLCCPD and chooses the local police, CSA's can assist an individual in contacting the appropriate authorities (St.Louis City or St. Louis County Police Department, as appropriate). **Please note** that on-campus crimes reported to these agencies will typically be referred to STLCCPD, as it is the College police that has the enforcement jurisdiction for the campuses. The CSA's will not be responsible for taking any actions regarding suspected perpetrators of a crime, nor are they to make any judgments as to whether a crime took place; they are simply responsible for reporting crimes to STLCCPD. The CSA's are also not responsible for encouraging victims of a crime to contact the police if victims do not want the police contacted.

CSA's submit information on crimes to STLCCPD for inclusion into the crime statistics, as required by law under the Clery Act for all institutions of higher education that receive federal financial aid. The statistical information collected for this report will not contain any names or specific locations to maintain the confidentiality of a victim.

Crimes may also be reported anonymously by going to the "Report a Concern" page of the college website and completing a Student Conduct Incident Report Form. The completed form will be reviewed by the appropriate Campus Chief Student Affairs Officer.

## Reporting Concerns Regarding Students

Care Team Referral, Title IX Sexual Harassment Complaints, Student Discrimination Complaints, and Student Conduct Incident Report forms are linked on the College [Report a Concern](#) page on the website.

- *In addition to the link, there is a brief description of the purpose for each process.*

## SARC

Information on supportive resources offered at STLCC and in the community can be found on the [Student Advocacy and Resource Center](#) page on the website.

## District One Sheet

Supportive resources on and off campus, brief references to College policies Title IX/relationship violence, etc.

- *Students who report issues of relationship or sexual violence, on or off campus, are given the Districtwide One Sheet.*

## Counseling Advisement of Crime Reporting

As a result of the negotiated rulemaking process that was followed by the passage of law, the 1998 amendments to the Clery Act clarified the identity of those considered to be Campus Security Authorities. Campus pastoral counselors and professional counselors when acting as such, are not considered to be a CSA and are not required to report crimes for inclusion in the annual disclosure of crime statistics.

Pastoral counselors and professional counselors are encouraged, if and when they deem it appropriate, to inform the persons they are counseling of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure for crime statistics.

For the purpose of the Clery Act:

**Pastoral counselors** are defined as “an employee of an institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.”

**Professional counselors** are defined as “an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.”

## Timely Warning Procedures

Institutions must provide timely warnings in a manner likely to reach all members of the campus community. This mandate has been part of the Clery Act since its inception in 1990. Timely warnings are limited to those crimes an institution is required to report and include in its ASR. There are differences between what constitutes a timely warning and an emergency notification; however, both systems are in place to safeguard students and campus employees.

Pursuant to 34 CFR 668.46 (e), STLCC prepares and issues timely warnings in the following circumstances:

*In the event a situation arises, either on or off-campus that, in the judgement of the campus president or provost, the director of public safety and emergency management, in consultation with the general counsel, constitutes an ongoing or continuing threat, a timely warning will be issued to appropriate segments of the campus community. Timely warnings regarding the occurrence of crimes at or near any college location will be disseminated to members of the college community by the Marketing and Communications department. If the warning is to be made to more than one campus, then the chancellor, the director of public safety and emergency management, and the executive director for marketing and communications, in consultation with the general counsel, will make the determination. These determinations will be made on a case-by-case basis after consideration of the available facts.*

Factors considered in determining whether an alert will be issued include:

- The nature of the crime.
- The continuing danger to the campus community.
- The possible risk of compromising law enforcement efforts; and
- Whether the college has reliable information which, if disseminated, could help prevent crimes.

A timely warning will be considered whenever a college police authority receives a report that a Clery Act crime is alleged to have occurred on or near campus, or when a local law enforcement agency notifies the college that a Clery Act crime is alleged to have occurred near campus or off campus in an area proximate to college-owned and managed property, and that crime is considered by the college to represent a serious or continuing threat to students and employees. Clery Act crimes include: *Criminal homicide, sex offense, robbery, aggravated assault, burglary, motor vehicle theft and arson.*

Depending upon other circumstances, non-Clery Act crimes may also trigger the consideration of a timely warning. Timely warnings may be issued for threats to persons or to property which pose a serious or continuing threat to the campus community. Timely warning reports will be provided to students and employees in a manner that is timely, that withholds the names of victims as confidential and will aid in the prevention of similar occurrences.

Anyone with information that may warrant a timely warning should contact any of the designated campus officials (including but not limited to campus presidents, vice-presidents/directors of student affairs, academic deans and other officials having significant responsibility for student and college activities) or college police or security at the numbers below:

<b>Location</b>	<b>Phone number</b>
BRDG Park	314-737-4600 (Creve Coeur Police)
Center for Workforce Innovation	314-513-4300
Corporate College/Central Dispatch	314-539-5777
STLCC-Florissant Valley	314-513-4300

STLCC-Wildwood	636-422-2044
William J. Harrison Education Center	314-763-6100
Metropolitan Education & Training Center	314-746-0872

Timely warnings will be issued to the campus community, or when appropriate, to those members of the campus community residing in the area subject to the ongoing threat, through the college's email notification system, text messages, postings on the STLCC website, physical postings on doors and bulletin boards, and/or other notification methods as deemed appropriate, including emergency siren and intercom systems.

## Emergency Response & Evacuation

In compliance with *34 CFR 668.46 (g)*, the following describes the policies of the STLCC's Emergency Response & Evacuation procedures:

STLCC will determine that there is a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on campus by utilizing STLCCPD personnel and/or other campus security personnel (among others) to gather and relay information to STLCCPD dispatch. Content of the emergency notification will be determined by one or more of the following persons:

*The director of public safety, director of communications, general counsel, a campus president or dean or vice chancellor of academic affairs, finance or student affairs.*

STLCCPD will inform the Chancellor's office of any emergency or dangerous situation as soon as possible. These same individuals may initiate the notification system in addition to determining message content.

STLCCPD will immediately make emergency notifications to the STLCC community upon confirmation of a significant on-campus emergency or dangerous situation involving an immediate threat to the health or safety of students or staff via the following avenues:

- *College-wide emails and text messages originating from the director of communications at the request of STLCCPD or higher authority*
- *Telephone notifications within the ShoreTel system for college phones*
- *Roving patrols and use of sirens, lights and public address systems on marked STLCCPD vehicles*

STLCC will, without delay and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgement of the responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency. Emergency notifications that are determined to be shared with the larger community will be initiated through the director of marketing and communications.

These notifications and periodic follow-up notifications as necessary, will explain to the students, faculty and staff procedures they should take into consideration for the particular emergency at hand, including either evacuating from a particular area, building or other location, or moving to shelter such as a basement or lower level in the event of severe weather. In an effort to publicize STLCC's evacuation and emergency response procedures, STLCCPD personnel will disseminate educational literature specific to the STLCC campus on what to do in a variety of emergencies. This information is provided during orientation to students and during the annual fall faculty and staff welcome sessions.

Efforts to test notification and emergency plans are ongoing throughout the year and are conducted in a variety of ways, including:

- *The establishment of STLCC Emergency Operations Team which schedules and conducts tabletop exercises involving key personnel of STLCC in mock scenarios.*
- *Annual evacuation drills for campus buildings.*
- *Routine fire drills for campus buildings.*
- *Clearly marked safety areas in each building where shelters are located throughout the campuses. They are on the lowest point of every building on an interior hallway or room.*

STLCCPD documents all emergency/evacuation exercises or drills it conducts. The documentation includes the time and date of the drill, the evacuation beginning and end time and whether the drill was announced or unannounced.

Due to the pandemic, drastic changes were made to the methods STLCC delivered educational opportunities to our students. These changes greatly lowered not only the on-campus student population, but the faculty and staff as well. The below drills were conducted during the pandemic of 2021:

Corporate College	Severe Weather Drill	May 21, 2021
Meramec Campus	Severe Weather Drill	May 25, 2021

Harrison Education	Severe Weather Drill	August 9, 2021
Florissant Valley	Fire & Evacuation Drill	August 11, 2021

In addition to the above, the below test and exercise were conducted:

Corporate College	Annual Mass Notification System Test	August 13, 2021
South County	Tabletop Exercise	December 9, 2021

Institutions are required to inform the campus community about a “significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.” An emergency response expands the definition of timely warning as it includes both Clery Act crimes and other types of emergencies (i.e., fire or infectious disease outbreak).

STLCC has emergency response and evacuation procedures in place and is required by the Clery Act to test them annually along with its policies for publicizing these procedures in conjunction with the annual test. STLCCPD publishes a list of drills and types.

### Local Police Departments

STLCC does not currently recognize any off-campus activities by students. Criminal activity by students, off-campus is not officially reported to STLCC on a regular basis. When criminal activities do occur off-campus and are brought to the attention of STLCC, college officials will give cooperation and support to local law enforcement officials. Reports of such criminal activity are routinely shared by the local law enforcement agencies through formal and informal inter-agency activities and communications.

### Access to Campus Facilities

During normal business hours, STLCC facilities are open to students, parents, employees, contractors, guests and invitees. During non-business hours, access to all STLCC facilities is by key or by admittance via STLCCPD. In the case of periods of extended closure, STLCCPD will admit only those with prior written approval to all facilities.

STLCC utilizes an extensive system of cameras for the purpose of safety, security and facilities maintenance. Cameras are located in many areas throughout the campuses including STLCC parking facilities, public areas and primary pedestrian areas. Cameras are typically purchased by STLCC departments for monitoring their specific operations or by STLCCPD for high traffic public areas.

All cameras included in the STLCC system can be viewed by STLCCPD with departmental and Human Resources approval. All STLCCPD cameras are randomly monitored but continually record. Thus, the STLCCPD video system is passive.

STLCCPD is committed to protecting the safety and security of the entire campus community. A campus security escort service utilizing a combination of police or security officers is available to all students, faculty and staff. Campus security escorts during daylight hours may be provided when documented safety concerns exist. Anyone wishing to request campus security escort service may contact their respective campus police.

Emergencies may necessitate changes or alterations to any posted schedule. Security surveys are conducted in areas identified as problematic. Administrators, including campus senior student affairs officers, as well as various department heads, may review these survey results. Additionally, they are reviewed by the STLCC director of public safety & emergency management or his/her designee. These surveys examine security issues such as landscaping, locks, alarms, lighting and communications.

### Camera Maintenance of Campus Facilities

The campus camera system monitors the hallways of campus facilities and is maintained by outside vendors with consultation by the IT department in conjunction with the director of public safety & emergency management's office.

### Education Programs: Campus Security Procedures and Crime Prevention

In an effort to ensure a safe and secure environment in which to work and study, STLCC and STLCCPD are committed to informing the members of the STLCC community about the functions and various safety and security programs of the college. STLCCPD conducts presentations at each session of New Student Orientation. These publicly available free sessions cover the purpose of the department, its organizational structure and authority, the types of crimes on campus, reporting options, how to avoid becoming a victim of crime, active shooter training and what to do if you are a victim. Statistics are provided from the annual security report.

STLCCPD also meets with student clubs and groups to inform students about campus rules and regulations, the student conduct system, parking enforcement and other safety issues. A variety of security tips and other links of interest are also posted on the department website for each campus.

A representative of STLCCPD meets with new students during orientation week for all incoming freshmen and transfer students. At this meeting, a police department representative presents an overview of the various security policies of the College and discusses the options available to students for reporting crimes.

Representatives also provide helpful information designed to prevent students from becoming victims of crimes and from engaging in prohibited conduct. Furthermore, to provide proactive police and security services to the community, officers of the STLCCPD conduct a variety of security related training and assistance upon the request of individuals or groups. Examples include emergency awareness and holiday crime prevention.

College police officers are also available to members of the STLCC community to provide physical site security surveys of the various campus buildings on request. STLCC police officers will provide recommendations to make the particular facility, and/or office less vulnerable to theft or other crime. In addition to the above noted items, STLCCPD regularly post anti-crime fliers throughout the campus buildings including academic and administrative buildings. The flyers in general discourage certain unlawful behavior, such as driving under the influence of drugs and/or alcohol and underage drinking, while encouraging certain behaviors designed to reduce victimization. In addition, the department regularly posts flyers throughout campuses which include information on how and where to report a crime.

Additionally, STLCCPD assists by providing safety related training and information. Due to the ongoing pandemic, all the above trainings were conducted in a virtual format.

### Alcohol and Drug Policies

In compliance with the Drug-Free Schools and Communities Act and the Drug-Free Workplace Act, STLCC is committed to providing a positive and healthy environment for students and employees. To this end, STLCC promotes an environment that is drug-free and free from the abuse of alcohol. Violations of this policy will be handled according to existing policies and procedures concerning the conduct of faculty, staff and students. All STLCC facilities and grounds are smoke-free.

### Standards of Conduct

Students and employees of STLCC assume the obligation to conduct themselves in a manner consistent with the College's function as an educational institution. Therefore, students and employees are expected to comply with STLCC Board Policy, Administrative Procedures, and local, state and federal laws pertaining to alcoholic beverages, controlled substances and illicit drugs. All faculty, staff and students must comply with this policy as a condition of their employment or enrollment.

The manufacture, distribution, sale, consumption, use or conveyance of alcoholic beverages, controlled substances and illegal drugs and/or possession of drug paraphernalia by any student on College property, at any College-sponsored student activity or at STLCC approved classes, field trips or activities off campus are strictly prohibited. This includes possession of alcoholic beverage containers.

No student shall be in an intoxicated condition, which may be evidenced by disorderly, obscene or indecent conduct or appearance, while on campus or at a college-approved event off campus. Faculty and staff are prohibited from reporting to work under the influence of alcohol, chemicals or drugs including legally obtained prescription drugs which may impair one's ability to perform normal work activities.

No student or employee shall furnish or cause to be furnished any alcoholic beverage to any person under the legal drinking age of 21. Missouri underage drinking laws will be enforced through legal referrals and/or reporting incidents to the STLCCPD and/or the appropriate police department with jurisdiction over the location of the incident.

All faculty and staff members must notify the human resources department within five (5) days of any criminal drug statute conviction for a violation occurring in the workplace or in the conduct of College business. Any employee who fails to do so is subject to appropriate discipline, up to and including immediate termination.

## Violations

Violations of the Standard of Conduct will be handled on a case-by-case basis in accordance with the appropriate policies and procedures applicable to faculty, staff and students.

**Student** violations will be enforced through the policies set in the Code of Student Conduct as incorporated in Board Policy and Administrative Procedures. Sanctions may include verbal or written warnings, community service, probation, suspension or expulsion.

**Employee** violations will be enforced through Board Policy and Administrative Procedures and set forth in the appropriate faculty or staff handbooks and/or manuals. Disciplinary actions may include reprimand, warning, probation, re-assignment, suspension without pay or termination for cause.

Sanctions for students and employees may also include referrals for appropriate counseling or to local prosecutors for criminal violations. If a student or employee is convicted of violating criminal laws pertaining to alcohol or drugs, they may be subject to civil action. Legal sanctions may include classes, community service, fines, imprisonment, loss of driving privileges or mandated rehabilitation programs.

The Drug-Free Workplace Act requires the College:

- *Within 10 days after receiving notice that an employee has been convicted of any criminal drug statute violation occurring in the workplace or in the conduct of College business to notify appropriate government agencies of such conviction; and*
- *Within 30 days after receiving such notice to take appropriate personnel action against such employee up to and including termination and/or to require the employee to satisfactorily participate in a drug abuse assistance or rehabilitation program.*

## Health Risks

Alcohol and other drug use can have dangerous and damaging short-term and long-term effects. Depending on which drug(s) are taken, the effects on the body and mental state can be significant. The physical problems associated with drug use may include loss of memory, slurred speech, blurred vision and acting out violently. These can lead to complications in family and social relationships as well as with work performance and/or academic performance.

Individuals who have a drug or alcohol addiction also are more likely to face financial difficulties, have more accidents (leading to fatal and non-fatal injuries including falls, drownings and automobile crashes, find themselves in legal troubles and have other health problems.

Students who engage in risky drinking may experience missed classes, falling grades and academic failure. In addition, college students who drink to excess may miss opportunities to participate in social, athletic and cultural activities that are part of college life.

Drug and alcohol use in the workplace not only contributes to lost productivity but also causes tremendous costs related to absenteeism, accidents, health care issues, loss of trained personnel and employee treatment programs. Drug and alcohol abuse can cause physical and emotional dependence. Users may develop a craving for these drugs or

alcohol and their bodies may respond to the presence of drugs in ways that lead to increased drug and alcohol use.

## Drugs

Like many prescription drugs, recreational drugs come with potentially harmful side effects that can have serious and long-term effects on your health. High doses of many of these drugs or impure or more dangerous substitutes for these drugs can cause immediate life-threatening health problems such as heart attack, respiratory failure and coma. Combining drugs with each other or with alcohol is especially dangerous.

A detailed description of the health risks associated with abuse of controlled substances is provided on the site [Drug Fact Sheets](http://www.dea.gov/druginfo/factsheets.shtml) published by the U.S. Department of Justice's Drug Enforcement Administration - <http://www.dea.gov/druginfo/factsheets.shtml>.

## Alcohol

Abuse of alcohol can produce severe health risks including death. Alcohol consumption causes several marked changes in behavior. Even low doses significantly impair the judgement and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident.

Low to moderate doses of alcohol can increase the incidence of a variety of aggressive acts including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions severely altering a person's ability to learn and remember information. Very high doses can cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol can produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long term consumption of large quantities of alcohol particularly when combined with poor nutrition can also lead to permanent damage to vital organs such as the brain and liver.

Women who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

## Legal Sanctions

### Federal Law

The Federal Controlled Substances Act prohibits the knowing, intentional and unauthorized manufacture, distribution or dispensing of any controlled substance or possession of any controlled substance with intent to manufacture, distribute or dispense. A detailed description of the penalties associated with illegal drug trafficking is provided in the chart. Federal Trafficking Penalties published by the U.S. Department of Justice's Drug Enforcement Administration - [http://www.dea.gov/druginfo/ftp\\_chart1.pdf](http://www.dea.gov/druginfo/ftp_chart1.pdf).

Conviction for possession of illegal drugs may be punishable by 1 to 3 years imprisonment and a minimum fine of \$1,000 unless the offense involves cocaine base (crack), which may carry mandatory imprisonment for up to 5 to 20 years.

The severity of the sanctions imposed for both possession and distribution offenses depend on the type and quantity of drugs, prior convictions and whether death or serious injury resulted.

Sanctions may be increased for offenses that involve distribution to minors or occur on or near College premises. In addition, other federal laws require or permit forfeiture of personal or real property used to illegally possess, facilitate possession, transport or conceal a controlled substance. A person's right to purchase a firearm or receive federal

benefits, such as student loans, grants, contracts or professional or commercial licenses may be revoked or denied as a result of a drug conviction. Additionally, federal law mandates that any student who has been convicted of an offense under any federal or state law involving the possession or sale of a controlled substance shall not be eligible to receive any grant, loan or work assistance during the period on the date of such conviction and ending after the interval specified.

### Missouri Law

Conviction for possession of illegal drugs has a maximum penalty of seven years imprisonment and a maximum fine of \$5,000. If the offense is marijuana possession of less than 35 grams, it is punishable by up to a year in jail and a fine of \$1,000.

Section 195.214 RSMo makes it a Class A felony to distribute or deliver controlled substances on or near (within 2,000 feet) school property. Persons convicted of this offense can be sentenced to imprisonment for not less than 10 years. This term shall be served without probation or parole if the court finds the defendant is a persistent drug offender.

### Missouri Penalties

A complete listing of Missouri substances, how they are placed on the controlled substance schedule and additional drug information can be found at <http://www.moga.mo.gov/statutes/C100-199/195000017.HTM>

Missouri drug regulations can be found at <http://www.moga.mo.gov/statutes/C100-199/1950000223.HTM>

Additional information on Missouri Drug Offenses can be found later in this document.

### Alcohol

Missouri's Liquor Control Law (RSMo. Section 311.325) makes it illegal for a person under the age of 21 years to purchase, attempt to purchase or possess any intoxicating liquor. Violation of this statute can result in a fine between \$50 and \$1,000 and/or imprisonment for a maximum term of one year. County and municipality ordinances contain similar prohibitions and sanctions.

### Loss of Workers' Compensation Benefits

The Missouri Workers' Compensation Act requires the forfeiture of benefits or compensation otherwise payable to an employee when the use of alcohol or non-prescribed controlled drugs is the proximate cause of the employee's injury. At a minimum, the Act provides for a reduction in benefits or compensation when the employee is injured while using alcohol or non-prescribed controlled drugs.

### Accidents Involving College-Owned Vehicles

The College reserves the right to require that an employee undergo immediate drug and/or alcohol testing if the employee is involved in a vehicular accident while driving a College-owned vehicle.

### Inspections

When the College has reasonable grounds to suspect that an employee unlawfully manufactured, distributed, possessed or used controlled substances, alcohol or drug paraphernalia on College property or at any of its activities, the College reserves the right to inspect the employee's locker, desk or other College property under the control of the employee.

### Available Counseling, Treatment, Rehabilitation or Re-entry Programs

Early recognition and treatment of drug or alcohol abuse are important for successful

rehabilitation and for reduced personal, family and social disruption. STLCC encourages the earliest possible diagnosis and treatment for drug and alcohol abuse; however, the decision to seek diagnosis and accept treatment for drug or alcohol abuse is the responsibility of the individual.

The College encourages faculty, staff and students to seek assistance in dealing with a substance abuse problem or those problems of a family member, by contacting available resources. College resources include counseling services on each major campus:

STLCC-Florissant Valley	Student Center, RM 241
STLCC-Forest Park	Student Center, RM 200
STLCC-Meramec	Clark Hall, AD 249
STLCC-Wildwood	Student Services, 105-H

Or contact can be made at 314-539-5151 or [counseling@stlcc.edu](mailto:counseling@stlcc.edu)

Numerous non-college counseling programs exist in the St. Louis metropolitan area. Consultation with one's personal physician is advised before self-referral to community programs. For further information regarding the referral to other programs, it is recommended that contact be made with the campus counseling centers or private physicians.

## Educational Information

STLCC has developed annual educational programs consisting of presentations and distribution of educational materials to new students regarding substance abuse, counseling and treatment. These materials are also presented during new employee orientation. These programs include such training as sexual harassment, safety awareness, accidental injuries and diversity and inclusion.

Annually, campuses offer National Alcohol Screening Day. A Mental Health First Aid course is also offered. This is a one-credit hour course offered over three days (12 contact hours). A certification course designed to assist participants in giving first aid to individuals experiencing a mental health crisis and/or who are in the early stages of a mental health disorder. The course teaches an appropriate response plan and the signs and symptoms of common mental health problems (anxiety, depression, psychosis, eating disorders and substance use disorders).

## Disclosure of Crime Statistics

Higher education institutions must disclose crime statistics for incidents that occur on campus, in unobstructed public areas immediately adjacent to or running through the campus and at certain non-campus facilities, including STLCC remote classrooms. The statistics must be gathered from College police or security, local law enforcement and other school officials who have "significant responsibility for student and campus activities."

The Clery Act requires reporting of crimes in several major categories; some with significant sub-categories and conditions. These categories are:

- *Criminal Homicide*
- *Murder & Non-Negligent Manslaughter*
- *Negligent Manslaughter*
- *Sex Offense*
- *Rape*
- *Fondling*
- *Statutory Rape*
- *Incest*
- *Robbery*
- *Aggravated Assault*
- *Burglary*
- *Motor Vehicle Theft*
- *Arson*
- *Domestic Violence*

- *Stalking*

Definitions of the crime categories and background information on these crime categories can be found in:

FBI's 2004 Uniform Crime Reporting Handbook (UCR)

2013 UCR National Incident-Based Reporting System (NIBRS)

Schools are required to report statistics for the following categories of arrests or referrals for campus disciplinary action (if an arrest was not made):

1. *Larceny/Theft*

2. *Simple Assault*
3. *Intimidation*
4. *Destruction/Damage/Vandalism of Property*

Background information on Hate Crime classifications can be found in the 2012 UCR Hate Crime Date Collection Guidelines and Training manual. The information contained in this document is intended to be used as a tool to assist in proper classification of the incidents contained in the STLCC Crime Log for statistical purposes as required for Clery Act reporting. Missouri law establishes some definitions pertaining to alcohol, drugs and weapons violations and also has specific language for some of the other Clery crime categories. All current applicable Missouri laws and citations have been reviewed and can also be found in this document along with other guidance. STLCC must submit a report that lists the statistical crime data to the Department of Education annually.

Missouri's definition of domestic violence, §455.010(5), RSMo. Relevant Orders of Protection: "Domestic violence is abuse or stalking committed by a family or household member."

Dating violence is considered domestic violence under current Missouri law in the definition for domestic assault, based on the definition of "Family or Household Member" in §455.010(7), RSMo:

"Spouses, former spouses, any person related by blood or marriage, persons who are presently residing together or have resided together in the past, any person who is or has been in a continuing social relationship of a romantic or intimate nature with the victim and anyone who has a child in common regardless of whether they have been married or have resided together at any time."

Definitions from the Hate Crime Data Collection Guidelines of the Uniform Crime Reporting Handbook 2015

An institution must report, by category of bias (prejudice), the following crimes reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the victim's actual or perceived categories below:

**Race bias:** A pre-formed negative opinion or attitude toward a group of persons who possesses common physical characteristics, e.g., color of skin, eyes, and/or hair, facial features, etc., genetically transmitted by descent and heredity which distinguish them as a distinct division of humankind, e.g., Asians, Blacks or African Americans, whites.

**Gender bias:** A pre-formed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

**Religion-based bias:** A pre-formed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being, e.g., Catholics, Jews, Protestants, atheists.

**National origin bias:** A pre-formed negative opinion or attitude toward a person or group of persons based on the specific geographic region of origin (not defined in the Hate Crimes Guidelines document).

**Sexual orientation bias:** A pre-formed negative opinion or attitude toward a person or group of persons based on their actual or perceived sexual orientation.

**Gender identity bias:** A pre-formed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.

**Ethnicity bias:** A pre-formed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term race in that race refers to grouping based mostly upon biological criteria, while ethnicity also encompasses additional cultural factors.

**Disability bias:** A pre-formed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

## Definitions

(See §556.061 and 562.016. RSMo. For definitions of applicable terms noted below.)

For institutional purposes, STLCC adopts the definition of consent as defined in Missouri Revised Statutes.

- *It is given by a person who lacks the mental capacity to authorize the conduct charged to constitute the offense and such mental incapacity is manifest or known to the actor; or*
- *It is given by a person who by reason of youth, mental disease or defect, intoxication, a drug-induced state or any other reason is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or*
- *It is induced by force, duress or deception.*

**Criminal Negligence** – failure to be aware of a substantial unjustifiable risk that circumstances exist, or a result will follow, and such failure constitutes a gross deviation from the standard of care which a reasonable person would exercise in the situation.

**Forcible Compulsion** either:

- a: Physical force that overcomes reasonable resistance; or
- b: A threat, express or implied that places a person in reasonable fear of death, serious physical injury or kidnapping of such person or another person.

**Knowingly** – when used with respect to:

- a: Conduct or attendant circumstances means a person is aware of the nature of his or her conduct or that those circumstances exist; or
- b: A result of conduct means a person is aware that his or her conduct is practically certain to cause that result.

**Purposely** – when used with respect to a person's conduct or to a result thereof means when it is his or her conscious objection to engage in that conduct or to cause that result.

**Recklessly** – consciously disregarding a substantial and unjustifiable risk that circumstances exist or that a result will follow, and such disregard constitutes a gross deviation from the standard of care which a reasonable person would exercise in the situation.

(See §566.010 RSMo. For definition of applicable terms for Sex Offenses.)

**Deviate sexual intercourse** – any touching of another person with the genitals or any touching of the genitals or anus of another person or the breast of a female person, or such touching through the clothing for the purpose of arousing or gratifying sexual desire of any person.

**Sexual intercourse** – any penetration; however slight, of the female sex organ by the male sex organ, whether or not an emission result.

## Annual Fire Safety Report

Similar to the Annual Security Report and the current crime log, institutions with on-campus housing must report fires that occur in on-campus housing, generate both an Annual Fire Report and maintain a fire log that is accessible to the public. *St. Louis Community College has NO residential halls* and thus does not compile or report fire data to the federal government. Therefore, it is not required to publish an *Annual Fire and Safety Report*.

## Missing Students

Institutions with on-campus housing must provide a protocol for reporting when a student has been missing for 24 hours.

*St. Louis Community College has NO residential halls* and thus does not have a policy for missing students. If a member of the STLCC community receives a report of a

missing student, a report should be made to STLCCPD who will notify and work cooperatively with the local authorities in investigating the incident. In the instance where a student is reported missing and is under 18 years of age and not emancipated, a custodial parent or guardian will be contacted within 24 hours.

## Sex Offender Registry

In 1996, Megan's Law amended the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act of 1994 (42 U.S.C. § 14071(j)). Pursuant to this federal law, persons who are required to register under a state sex offender registry are required to notify the state regarding each post-secondary school at which the offender works or is a student. In the state of Missouri, sex offenders are required to register with the county sheriff's department (§589.400 RSMo.) The Missouri State Highway Patrol maintains a statewide sex offender registry.

<https://apps.mshp.dps.mo.gov/MSHPWeb/PatrolDivisions/CRID/SOR/SORPage.html>

In addition to the state sex offender registry, the U.S. Department of Justice also maintains a nationwide sex offender registry:

<https://www.nsopw.gov/?AspxAutoDetectCookieSupport=1>

## Sex Offender Database

Sections 589.400 – 426, RSMo and §43.650, RSMo, mandate that the Missouri State Highway Patrol maintain a sex offender database and website on the internet that is accessible to the public. The website may be found here:

<http://www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/SORPage.html>

For information about sex offenders in Missouri call 1-800-SOR-MSHP (767-6747).

Additional information and verification may be obtained from the chief law enforcement official (sheriff) of the county where the sex offender resides. The website is intended to supplement and complement the sex offender registries maintained by the various counties.

The information on the Missouri Highway Patrol's website refers only to persons who have been convicted of, found guilty of or plead guilty to committing or attempting to commit sexual offenses and may not reflect the entire criminal history of a particular individual. Offenders required to register for crimes of kidnapping, felonious restraint or child abuse may not be listed on this website.

The Sex Offender Registry was created in response to the Missouri legislature's resolution to facilitate public access to available information about persons registered as sexual offenders. The Missouri State Highway Patrol's Criminal Justice Information Services (CJIS) Division has not considered or assessed the specific risk of re-offense with regard to any individual prior to his or her inclusion on this website and has made no determination that any individual included on the website is currently dangerous. Individuals included on the website are included solely by virtue of their conviction record and Missouri state law. The primary purpose of providing this information is to make the information easily available and accessible; not to warn about any specific individual.

## Sexual Assault Policies and VAWA

STLCC Board Policy B.13 states:

St. Louis Community College is committed to providing an academic and work environment that is free from sex discrimination, including sexual misconduct and sexual harassment in any form. In keeping with this commitment, the College prohibits sexual harassment of any member of the College community. Sexual harassment in any form, including verbal, written, physical or visual harassment will not be tolerated. Sexual

harassment may include, without limitation, unwelcome sexual advances, attempts to coerce any member of the College community into a sexual relationship or to punish such persons for refusing to submit to sexual advances or conduct of a sexual nature which creates an intimidating, hostile or offensive academic or work environment.

## Definitions

The definitions that follow are provided by the Violence Against Women's Act (VAWA). For the Missouri statutes related to sexual offenses, refer to the charts listed earlier in this document. The state definition of consent is also provided in earlier text.

## Dating Violence

Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim.

I: The existence of such a relationship shall be based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship and frequency of interaction between the persons involved in the relationship.

II: For the purposes of this definition – Dating violence includes, but is not limited to, sexual or physical abuse or threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

## Domestic Violence

I: A felony or misdemeanor crime of violence committed –

- *By a current or former spouse or intimate partner of the victim*
- *By a person with whom the victim shares a child in common*
- *By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner*
- *By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or*
- *By any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.*

## Sexual Assault

An offense that meets the definition of rape, fondling, incest or statutory rape as used in the Uniform Crime Reporting (UCR) System of the Federal Bureau of Investigation. Per the National Incident-Based Reporting System User Manual and from the FBI UCR Program, a sex offense is "any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent."

**Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object or oral penetration by a sex organ of another person without the consent of the victim.

**Fondling:** The touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his or her age or because of his or her temporary or permanent mental incapacity.

**Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

**Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

## Stalking

I: Engaging in a *course of conduct* directed at a specific person that would cause a reasonable person to:

- *Fear for the person's safety or the safety of the others; or*
- *Suffer substantial emotional distress.*
- *II: For the purposes of this definition –*  
*Course of conduct* means two or more acts, including but not limited to acts which the stalker directly, indirectly or through third parties, by any action, method, device or means follows, monitors, observes, surveils, threatens or communicates to or about a person or interferes with a person's property.

Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

Substantial emotional distress means significant mental suffering or anguish that may but does not necessarily require medical or other professional treatment or counseling.

### Effective Consent

An informed, conscious, mutually understandable, affirmation given freely and actively by words (e.g., saying "yes") or actions that indicate a willingness to engage in mutually acceptable sexual activity (i.e., to do the same thing, at the same time, in the same way, with each other).

It is always encouraged to talk before engaging in sexual activity and to continue communicating clearly with each other. It is the responsibility of the person who wants to engage in the specific sexual activity to make sure he or she has effective consent before proceeding.

It is important to remember the following regarding effective consent:

- *Consent may be withdrawn at any time during a sexual encounter. Consent at one time does not imply consent at any other time.*
- *Consent to one form of sexual activity does not imply consent to other forms of sexual activity.*
- *Silence and passivity (i.e., absence of resistance) are inactive behaviors and cannot be considered effective consent.*
- *Participation in a relationship does not include the presumption of consent. There must still be a mutually understandable communication indicating a willingness to engage in sexual activity.*
- *Effective consent cannot result from force or threat of force, coercion, fraud or intimidation.*
- *Effective consent can never be given by minors, mentally disabled individuals or by persons incapacitated as a result of alcohol or other drug use. A person who is unconscious, unaware or otherwise physically helpless cannot give effective consent.*

### Standard of Evidence

At STLCC, disciplinary proceedings involving matters arising from an allegation of dating violence, domestic violence, sexual assault or stalking that go before a Formal Hearing Committee, the committee shall determine responsibility using the "preponderance of the evidence" standard. Preponderance of the evidence means that the committee determines it is more likely than not the respondent is responsible for committing the act or acts presented in the complaint. Preponderance means more than half. If, for example, the committee concludes that the totality of the evidence weighs equally on both sides, the preponderance standard has not been met and a violation of the policy has not been proven. At least two committee members must agree with and sign the final decision of the committee.

## Bystander Intervention

Bystanders are individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up or do something about it. A bystander is someone who is present and thus potentially in position to discourage, prevent or interrupt an incident. Individuals are encouraged to speak out against attitudes that promote sexual misconduct and become more supportive of those who have experienced sexual misconduct. Intervention does not have to be confrontational. It can be as simple as telling a friend when he or she is acting inappropriately or calling the college police if someone is aware of inappropriate behavior. Members of the college community who step in to protect others within STLCC are supported and protected under the retaliation policy.

## Protective Measures

The College reserves the right to implement accommodations and/or interim measures it deems necessary while the investigation, hearing and appeal are pending. These measures are to ensure that the safety, physical and emotional well-being concerns of both the complainant and respondent are addressed.

These accommodations may include, but are not limited to:

- *class or work reassignment.*
- *restricted access to college campuses and locations.*
- *college police escorts to class or parking/public transportation.*
- *temporary suspension.*

College officials may also issue a “no contact” order to all parties involved in the situation while the case is ongoing. College police are available to assist with matters in which an “Order of Protection” is needed through the courts in the jurisdiction in which the campus or residence of an individual is involved.

## Reporting Options and Resources

### Emergency Assistance

Of primary importance in situations of sexual misconduct is to ensure the person making the report is safe. College personnel can assist with this, as well as with seeking medical assistance and with the preservation of evidence. For emergency assistance, contact the local police department or college police.

### Victim Notification

Upon written notification to a chief student affairs officer, associate dean of student development and enrollment, the College will disclose to an alleged victim of a crime of

violence or a non-forcible sex offense the report on the results of any disciplinary proceeding conducted by the College against a student who is the alleged perpetrator of such a crime or offense. If the alleged victim is deceased as a result of such a crime or offense, the next of kin of such a victim shall be treated as the alleged victim for the purposes of this policy.

### Reporting Contacts

Any member of the STLCC community who believes they have been subject to or witnessed domestic violence, dating violence, stalking or any type of sexual violence or sexual harassment is encouraged to report the incident as soon as possible. Making the decision to report an incident of sexual misconduct is often very difficult. Reporting an incident of sexual misconduct can be the first step in the healing process. It can also assist the College in preventing future occurrences while also assisting others.

In addition to the emergency assistance options listed above, there are other options for reporting incidents of sexual misconduct at STLCC. Students are encouraged to talk with anyone with whom they feel comfortable disclosing this information. Please note that there are only certain employees (noted below) designated as confidential resources. All other employees are required to report the information to the lead investigator on their respective campus.

### College-wide Contacts

### Campus-based Contacts

In addition to the college-wide contacts, each campus has a team of individuals who are able to receive reports of sexual misconduct on their campuses. These are the Title IX investigators and the senior student affairs officer. As is noted above, a report may be made to anyone with whom the complainant feels comfortable. If a report is made to someone other than a confidential resource, those individuals will work with the complainant to file a report with one of the campus contacts.

### Confidential Resources

STLCC has identified two categories of employees as confidential resources. These are the counselors in the campus counseling centers and the student assistance program

(SAP) specialists. Speaking confidentially with one of these resources gives the opportunity to discuss the options for what are the best next steps at the time for that individual. They will have available to them all of the information for emergency contacts and reporting that the previously mentioned resource staff have. The reporting party's privacy is protected if they choose to talk with any of these individuals unless the individual is a danger to themselves or others.

## Reporting Procedures

A report of an incident of sexual misconduct may be filed by the alleged victim of the misconduct, by someone at the College to whom the incident was reported or by a member of the public. If an alleged victim makes the report, the primary response of the College, regardless of to whom the report is made, is to make sure the individual is safe. If the incident reported is a sexual assault, the priority is to provide prompt medical attention to treat any injuries and preserve evidence in case the individual chooses to make a report at a later date.

All individuals who report personal incidents of sexual misconduct are given a "One Sheet" that provides information about on and off campus resources. These resources include counseling center staff, their locations and phone numbers as well as information for agencies in the greater St. Louis Community. Individuals will also be provided an explanation of the procedures for the STLCC disciplinary action, as well as their rights and options in cases of alleged dating violence, domestic violence, sexual assault or stalking.

It is the right of the reporting party to choose whether to file a report. An online form is available for this purpose; however, it is not a requirement to use it. If a person chooses not to report the incident to law enforcement or campus authorities, they are strongly encouraged to speak to a counselor or utilize resources on or off campus.

## College Report

If any member of the College community feels they have been subjected to or witnessed sexual misconduct, the individual is strongly encouraged to discuss the incident with a Title IX investigator, the deputy Title IX coordinator, the Title IX coordinator, Campus Chief Student Affairs Officer or supervisory personnel as soon as possible. The supervisory personnel shall contact one of the Title IX investigators, the deputy Title IX coordinator or the Campus Chief Student Affairs Officer to report the incident as soon as possible. A student, faculty or staff member may select the investigator of his/her choice. A list of investigators is posted on the College website.

Once reported to a Title IX investigator, deputy Title IX coordinator, Title IX coordinator or Campus Chief Student Affairs Officers, consideration will be given regarding whether or not an investigation should be conducted. The Title IX Coordinator will make this determination with input from appropriate employees. The complainant is not obligated to participate in the College's Title IX or other processes to resolve the matter; however, the College may still choose to pursue this process if enough information is available.

## Police Report

Another option for making a report of sexual misconduct is to contact STLCCPD or local law enforcement in the jurisdiction where the incident occurred. Reporting to College police may be done in person or by phone. College police contact information is listed earlier in this document. If the person chooses to make the report by telephone College police will ask for a location so the police may come and personally take a report in a private atmosphere.

The College police will assist the individual in understanding their rights, regarding judicial no-contact, restraining and protective orders. The College will assist student, faculty and staff who report sexual violence, sexual harassment, stalking, dating violence and/or domestic violence in obtaining medical support as well as counseling and support services.

College police will also notify the law enforcement unit in the jurisdiction in which the incident occurred.

## Investigative Procedures

Lead investigators must report all complaints of sexual misconduct to the Title IX Coordinator immediately following notification. The initial information reported to the coordinator would consist of names of the complainant and respondent and any information regarding the incident obtained prior to conducting the investigation. The chief student affairs officer, on the campus where the incident is reported, will also be notified.

### Complainant Option to Pursue Through College Title IX Process

At the start of any investigation, the complainant should be advised of the option to pursue the matter through the STLCC Title IX process. The complainant's decision should be noted. If the decision is to not pursue the STLCC Title IX process, the complainant should still be informed of all available resources, including accommodations, interim measure options and provided the One Sheet. The complainant should then be informed that in certain circumstances STLCC may be obligated to undertake its Title IX process regardless of their interest in it doing so. The complainant will be notified if the College intends to proceed with a Title IX violation claim. The College will take steps necessary to safeguard the privacy rights of the those involved in the case.

### Investigation Process

It is critical that the investigator start by explaining the process and the need for an investigation. The complainant, respondent and witness(es); if applicable, are given a copy of the guidelines which also contain board policies on sexual harassment and sexual violence. In a professional and discreet manner, the investigator will speak individually with the complainant (if they agree to participate in the process), the respondent, any witness(es), as appropriate, as well as other persons identified as having information related to the alleged incident(s). Also included in the investigation is a review of any relevant documents and other evidence.

In the meeting with the respondent, he or she is advised of the substance of any information obtained during the course of the investigation and is given an opportunity to respond to the complaint. The Respondent has the right to respond to the investigation in writing; relative to the sexual misconduct complaint and/or statements from any witness(es). The investigator shall give the respondent the date, by which time investigator will meet with the coordinator as the deadline to submit any such written response. The respondent is told they are not allowed to retaliate against the complainant, or any other individual involved in the Title IX process.

The parties involved are advised that the resolution of the complaint will involve a thorough investigation, assured that there will be not retaliation, told of the seriousness of the matter and encouraged to consider privacy concerns of participants.

### Investigation Findings

The investigator will prepare a written report summarizing the factual findings. The report will be reviewed by the Title IX Coordinator to determine if any additional steps need to be taken to ensure that the investigation and report are complete. (e.g., interviewing of additional witnesses or gathering of documents mentioned in the initial report).

Once the report is finalized, the investigator will discuss the facts of the investigation with the coordinator and make a determination of whether sufficient evidence exists to warrant further proceedings relating to the possibility that a violation of the College's Sexual Misconduct Policies may have occurred.

If it is decided that further proceedings are necessary, a determination will be made whether the matter will be resolved through a Resolution Meeting with the Complainant and Respondent or by a Formal Hearing Committee. The Resolution Meeting may be recommended in cases not involving sexual assault as defined previously in this document. Matters involving sexual assault will always be referred to the Formal Hearing Committee.

In matters when it is determined that there is not enough evidence to proceed with the College's process, the complainant and respondent will both be notified in writing by the investigator.

When the College's processes are engaged (Resolution Meeting or Formal Hearing Committee), the coordinator will contact the appropriate college officer of the decision as well as take the lead in coordinating the appropriate meeting to move the procedures forward.

All Title IX proceedings shall provide a prompt, fair and impartial investigation and resolution. These proceedings will be conducted by officials who receive annual training on the issues related to domestic violence, dating violence, sexual assault and stalking. This annual training will also cover how to conduct an investigation and the hearing process that protects the safety of victims and promotes accountability.

#### Formal Resolution Process

The purpose of the Formal Resolution Process is to determine if there has been a violation of College Policy. Each year the Coordinator will select the investigators to serve on the Committee and will also appoint one of the Committee members to serve as the Chair of the Committee ("*Chair*"). The duties of the chair are to direct the Formal Hearing and once the Committee has made its decision, to prepare a written statement of the decision and the information relied on in reaching that decision. The Committee is comprised of three investigators, one each from three of the locations where investigators are assigned and two alternates. The Committee members will not investigate complaints for hearings on which they are a sitting member.

After being contacted by the Coordinator regarding scheduling of a Formal Hearing, the Chair will contact the other committee members and determine a mutually acceptable date, time and location for the formal hearing. The Chair and the committee members will then notify the Coordinator of the date, time and location of this Formal Hearing. The Chair will then commence the hearing process by providing a written notice to the Complainant and Respondent stating:

- *The nature of the complaint.*
- *The policy alleged to have been violated.*
- *The name of the complainant.*
- *The date, time and place of the Formal Hearing.*
- *The names of the members of the Committee, including the chair of the committee.*

The written notice will be sent by certified mail and regular mail to the Respondent's current local address on record at the College and shall be considered effective three (3) calendar days after such mailing or when actually received by the Respondent; whichever occurs first. The notice of the Formal Hearing shall be simultaneously mailed to the Complainant's current local address on record with the College. The Chair will contact any witness identified by the committee to be called to the hearing.

The Formal Hearing must take place not more than 14 calendar days after the delivery of the written notice to the Respondent, unless the Committee Chair, at his or her discretion, allows for a longer period of time. The Formal Hearing is confidential and is closed to the public. Documents prepared in anticipation of and/or presented in the Formal Hearing, testimony or other evidence introduced at the Formal Hearing may not be disclosed except as required or authorized by law or as authorized by the coordinator in connection with responsibilities of the College.

The Formal Hearing before the committee will not follow a courtroom model, including not following any formal rules of evidence. The committee will determine the credibility of testimony or other evidence and the weight to be afforded to such evidence. The Chair will determine the order of the witnesses and resolve any questions of procedure arising during the hearing. Only the Chair and the members of the committee may question the individual parties and any witnesses. Both parties may ask the Chair to pose additional

questions or inquire further into specific matters by submitting these requests in writing. The Chair is empowered to disallow any questions that are irrelevant or redundant.

The Respondent shall have the right not to testify at the hearing. The exercise of this right shall not preclude the committee from proceeding to determine responsibility on the bases of the evidence presented.

Both the Complainant and the Respondent have the right to have an advisor (e.g., friend, union representative, colleague, attorney, etc.) present at the hearing. The advisor can provide moral support and information to his or her advisee, but cannot participate, comment or ask questions during the Formal Hearing. Notice of any advisor who is accompanying a Complainant or Respondent must be provided to the chair not less than 48 hours prior to the hearing. This is to provide the opportunity to notify the other party and the College of the fact that an advisor will be present so they may invite one for their proceedings.

For example, in cases where criminal charges are pending, the Respondent may have an attorney present during the Formal Hearing for the sole purpose of advising the Respondent on how best to respond to certain questions in order to protect the Respondent's rights in court proceedings. If the Respondent's attorney is present, the Complainant may also have an attorney present and the College may have its attorney present. As stated previously, attorneys are not permitted to examine witnesses or otherwise directly participate in the hearing on behalf of either party or the College.

#### Determination of Findings

The committee will prepare a decision setting forth its factual findings and conclusions. The committee shall determine whether:

- *the policies were violated and*
- *the Respondent is responsible for the alleged sexual misconduct and therefore violated the policy in the Code of Student Conduct.*

The Committee shall determine responsibility using the preponderance of the evidence standard. Preponderance of the evidence means that the Committee determines it is more likely than not that the Respondent is responsible for committing the act or acts presented in the complaint. "Preponderance" means more than half. If, for example, the Committee concludes that the totality of the evidence weighs equally on both sides, the preponderance standard has not been met and a violation of the policy has not been proven. At least two Committee members must agree with and sign the final decision of the Committee.

#### Outcomes of the Formal Hearing

If the committee determines that College policy has not been violated, the Formal Hearing Chair will notify the coordinator and the senior student affairs officer on the campus where the alleged violation occurred. The senior student affairs officer will communicate the decision in writing to the Respondent and the Complainant concurrently. The communication shall include information about the appeals procedures.

If the committee determines that College policy has been violated, the committee will make a recommendation of a sanction that is consistent with sanctions assigned to other students found in violation of similar policies. This recommendation will be passed on to the Title IX Coordinator and the campus senior student affairs administrator where it will be reviewed. The Respondent's prior conduct history with the College will be reviewed before confirmation of the sanction. Once the sanction is confirmed by the coordinator and the campus senior student affairs officer, the Complainant and Respondent will be notified concurrently, in writing, by the campus senior student affairs officer of the disciplinary action. Both parties will be notified of the appeals procedures.

#### Sanctions

When the Committee determines that a student has violated College policy, a wide range of sanctions may be imposed depending on the severity of the incident (s).

Examples of sanctions regarding dating violence, domestic violence, sexual assault or stalking include, but are not limited to:

- *Censure*
- *Disciplinary Probation*
- *Restitution*
- *Compensatory Service*
- *Suspension*
- *Dismissal*

#### Follow-up to the Formal Hearing

The coordinator will follow-up with the Complainant within a reasonable time after the Formal Hearing to ensure that the problem has been resolved and that no retaliation has occurred. The coordinator will also follow-up with the campus senior student affairs officer to ensure that the recommended disciplinary action, if any, has been implemented.

#### Appeal Procedures

Either the Respondent or the Complainant may appeal the decision of the Formal Hearing Committee by filing an appeal. There are only two (2) matters that may be appealed:

- 1: That the process used in the investigation and/or the Formal Hearing did not follow the process as set out in the guidelines and the failure to follow such procedure led to an incorrect result; or
- 2: The sanction imposed is not appropriate.

Note: The Complainant will not be advised of any specific sanction imposed against the Respondent unless the sanction relates specifically to the Complainant (i.e., Respondent not to have any contact with the Complainant).

Appeals must be submitted in writing to the Title IX Coordinator within seven calendar days of the date of the decision. Unless there are exceptional circumstances, all parties will receive written notification of the final decision of any appeal within 30 calendar days.

#### Risk Reduction Information

No victim is ever to blame for being assaulted or abused. Unfortunately, a person who is the victim of sexual or dating violence is more likely to be re-victimized. Below are some tips to help reduce your risk and how to avoid potential attacks.

If you are being abused or suspect that someone you know is being abused, speak up or intervene. Additionally:

1. Get help by contacting a campus counselor for support services.
2. Learn how to look for red flags in relationships so you can learn to avoid some of those characteristics in future partners.
3. Consider getting a protective order or stay away order.
4. Learn more about what behaviors constitute dating and domestic violence; understand it is not your fault and talk with friends and family members about ways you can be supported.
5. Trust your instincts; including, if something doesn't feel right in a relationship, speak up or end it.

RAINN (Rape, Abuse and Incest National Network) offers a variety of tips on their website for reducing the risk of sexual assault. Further information can be located at [rainn.org](http://rainn.org) or by calling 800-656-HOPE (4673).

## Preservation of Evidence

Although STLCC strongly advocates that a victim of sexual assault, domestic violence, dating violence or stalking report the incidents to STLLCPD in a timely manner, it is the victim's choice to make such a report and the victim has a right to decline involvement with the police. As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings or obtaining orders of protection related to the incidents more difficult. If a victim chooses not to make a complaint regarding incidents, he or she nevertheless should consider speaking with STLLCPD or another law enforcement agency to preserve evidence in the event that the victim changes his or her mind at a later date.

### Preserving Evidence for Sexual Assaults

Physical evidence is crucial in helping to prosecute assailants in cases of rape or sexual assault. Physical evidence must be collected in a timely manner by a certified medical facility. Prior to a medical examination, victims of rape or assault should not bathe, change clothes, douche, use the toilet (if possible), smoke or clean the bed linen area where they were assaulted (if the offense occurred within the past 96 hours) so that physical evidence may be preserved. If victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted diseases.

### Preserving Evidence for Victims of Stalking

Victims of stalking should save evidence such as any letters, notes, e-mails, phone calls, videos, photos, texts, social media postings (i.e., Facebook, Twitter, computer screenshots, voicemails or any other form of evidence that would be helpful).

### Orders of Protection

St. Louis Community College is committed to providing information and support to students seeking an Order of Protection. The purpose of an Ex Parte Order of Protection

and a Full Order of Protection is to restrain a respondent from committing or threatening domestic violence, stalking, communicating or disturbing a complainant's peace and entering a complainant's place of residence. An Ex Parte Order of Protection is a temporary order in place until a hearing is conducted by a judge. After reading the petition the judge will either grant or deny and Ex parte Order of Protection. This initial decision is made solely on the determination of an immediate and present danger to the complainant based on what is written in the petition.

Court hearings are typically held within 15 days of filing an Ex Parte Order of Protection as noted in Missouri Law. A complainant must be prepared to present documentation, photos or other forms of evidence with the paperwork when filing a petition for an Ex Parte Order. At a court hearing a judge can issue a Full Order of Protection for a period of 180 days up to one year. A Full Order of Protection can be renewed twice; each renewal can last up to one year. No new incidents of abuse are required if the Order is renewed before the old one expires.

The court may, upon a finding that it is in the best interest of the parties, include a provision that any Full Order of Protection for one year shall automatically renew unless the Respondent requests a hearing by 30 days prior to its expiration. (See Chapter 455 and specifically §§455.010, 455.035, & 455.050, RSMo. for more information).

All commissioned STLCCPD officers possess the same powers on STLCC campuses as City police officers within their particular city. STLCCPD shall enforce any violation of an Ex Parte Order of Protection or Full Order of Protection by the Respondent in the same manner as any police officer in any jurisdiction. A violation of either type of order in Missouri is considered a Class A Misdemeanor (1-year imprisonment and/or \$1000 fine) for the first offense and any subsequent offense is treated as a Class D Felony (up to 4-years imprisonment and/or \$5000 fine) per section 455.085 RSMo.

Any person who obtains an Order of Protection from Missouri or any other state should provide a copy to STLCCPD and/or the Title IX Coordinator. Depending on conditions specified in a particular order, the STLCC may make arrangements with both parties that permit access to classrooms, library, the cafeteria and/or any other public places. These arrangements shall be made to ensure normal access to public areas that do not violate the terms and conditions of the Order of Protection under normal day-to-day activities.

#### How to file for an Order of Protection

A Petition for an Order of Protection can be filed at the Circuit Court Clerk's Office of St. Louis City, St. Louis County, Franklin County or Jefferson County:

- *St. Louis City, City Hall, St. Louis, MO 63103, 314- 622-4000*
- *St. Louis County, 168 N. Meramec Ave., Clayton, MO 63105, 314-615-8024*
- *Franklin County, 401 E. Main St. Union, MO 63084, 636-583-1550*
- *Jefferson County, 729 Maple St., Hillsboro, MO 64050, 636-797-5071*

The *Missouri Adult Abuse Act* requires that court clerks explain how to file all the necessary forms and documents. In addition, most counties have victim advocates to assist in the process for filing for an Order of Protection and they may even go with you to court. When the court is unavailable after business hours or on holidays or weekends, a verified petition for protection from domestic violence or a motion for hearing on a violation of any Order of Protection may be filed with the Sheriff's Office of St. Louis City, St. Louis County, Franklin County or Jefferson County.

- *St. Louis City Sheriff, 1114 Market St., St. Louis, MO 63101, 314-622-4131*
- *St. Louis County Police, 320 Benton St., #A, Valley Park, MO 63808, 636-225-5252*
- *Franklin County Sheriff, 1 Bruns Ln., Union, MO 63084, 636-583-2560*
- *Jefferson County Sheriff, 510 1<sup>st</sup> St., Hillsboro, MO 63050, 636-797-5000*

## No Trespass Orders

If there is enough reason to believe (through investigation) that an individual is likely to cause harm to any member on campus, the STLCC senior student affairs officer on a campus can issue a No Trespass Order. Any individual found to be on campus after a No Trespass Order has been issued against them will be immediately arrested by STLCCPD. No Trespass Orders can be issued against any member of the STLCC community (students, faculty or staff) or the public. No Trespass Orders can be issued by STLCCPD for a 5-day period and can be extended to a year or longer upon approval by a STLCC administrator. A violation of a No Trespass Order is a Class B Misdemeanor that could result in up to six months in jail and/or \$500 fine per §569.140 RSMo.

## Retaliation Prohibited

Board policy prohibits retaliation against any member of the STLCC community, acting in good faith, who has made a complaint of threatening or potentially violent behavior. Any violation of this policy will also result in disciplinary action, up to and including suspension or expulsion.
