4/13/64 - 2 -
April 10, 1964

Mr. Joseph P. Cosand  
President  
The Junior College District of  
St. Louis, St. Louis County, Missouri  
4386 Lindell Blvd., St. Louis 8, Mo.

Dear Dr. Cosand:

It was a sincere pleasure meeting you and Mrs. Tygard. The courtesies and cooperation shown to me by your staff will always be remembered. From the time I filed for the office of Trustee, I was treated as if I were one of the staff members of the College District. I shall never forget the past campaign.

I have always been interested in the Junior College and higher education for the St. Louis area. Your attention is invited to the enclosures supporting higher education by the American Legion and myself. I wrote the original resolution which was submitted by my Post. Naturally we were all pleased when the city and the county voted for the Junior College District.

It was noted during my short campaign that many citizens were not familiar with the new college. Some were confused, they thought I was running for a local school board. There were many Legionnaires who stated that they could not vote for me because they did not live in my district. I tried to explain the new college district program, hoping they would support the college in the future.

Again, I want to thank you, the Trustees and Mrs. Tygard for keeping me informed. As a Vocational Rehabilitation counselor for the State Department of Education, if I can be of any service to any of the disabled students, please be free to call on me.

With best wishes,

Daniel L. Chance  
9428 Yorktown Drive  
St. Louis 37, Mo.

Encl. 2

P.S. Please extend my best wishes to Mr. Williamson

4/13/64
1.6.3 Dr. Cosand asked Mr. James W. Hobson, Vice President, to read the final election results for the office of Trustee of the Junior College District, which had been held on April 7, 1964. This is attached as an addendum to these Minutes.

3. CURRICULUM AND INSTRUCTION

3.1 Summer Session Schedules for 1964

The President of the College, Dr. Cosand, stated that the Summer Session Schedules for 1964 had been developed on the basis of full 15-week schedules for Florissant Valley Community College and the City Campus at Roosevelt High School. This was in accordance with the tri-semester program.

In order to provide opportunities for high school graduates in the city and county this June, an abbreviated eight-week session commencing on June 29th would be offered at Meramec Community College.

Dr. Cosand added that the schedules were based on the present enrollment estimates, but were always subject to modification during the first week of classes. He stated, too, that all staff members who had indicated their interest in teaching in the Summer Session had been advised that it was possible that certain classes would not materialize and would therefore be cancelled. A general discussion followed.
Whereupon, on motion by Mr. McCalpin, seconded by Mrs. Bastian, and with the aye vote of all members of the Board who were present, it was

RESOLVED, That an abbreviated eight-week session be offered at the Meramec Community College Campus, commencing on June 29, 1964, in order to accommodate high school graduates in the city and county who were graduating this coming June.

4. COLLEGE FACILITIES

4.1 Temporary Buildings - Florissant Valley Community College Campus

The President of the College, Dr. Cosand, recommended that the firm of Kenneth Wischmeyer and Associates be authorized to develop working drawings for the temporary buildings proposed for the Florissant Valley Community College campus.

Dr. Cosand stated that these working drawings would include modifications requested by the Moline Fire District, in accordance with their established requirements.

Dr. Cosand added that the Board had previously authorized Mr. Wischmeyer to proceed with the working drawings for the original proposals, subject to approval by the governmental bodies having responsibilities within the area in which the Florissant Valley Campus was located.

Dr. Cosand stated that Mr. Kenneth Teasdalo, Counsel for the District; Vice President Hobson; and President Cosand had met with the Moline Fire District Board, its Fire Chief, and Counsel, concerning their proposed requirements with respect to the type of construction proposed. The modifications presented by the President were the
result of the discussions held by the District and the representatives for the Moline Fire District. Mr. Wischmeyer estimated that the modifications requested would increase the estimated cost of the temporary facilities by some $40,000 to $50,000. The specific modifications were as follows:

1. The temporary buildings will not be used for classroom purposes for more than five years.
2. Access roads for fire fighting equipment will be constructed so that all buildings will be located adjoining an access road.
3. Twenty four hours custodial or watchman service will be provided.
4. Monthly self-inspection reports will be submitted to the Moline Fire District.
5. An approved automatic fire sprinkler system will be installed in all buildings.
6. Fire alarm systems will be installed throughout the campus with adequate manual trap stations.
7. Each classroom or laboratory will have direct access to the outside by means of a double hung window extending down to within approximately eight inches from the floor.
8. Standpipe and fire hose will be installed in each building - with each hose length to approximate fifty feet in length. Sufficient installations will be made to cover the length of the buildings.
9. One fire wall will be installed in the attic of each building.
10. Smoking will be prohibited in all classrooms and laboratories.
11. Scuttle holes will be constructed in each unit.
12. Codes governing school construction will prevail in all cases where a question arises concerning exit lights, placement and types of extinguishers, etc.

A general discussion followed. Whereupon on motion by Mr. Geil, seconded by Mrs. Bastion, and with the aye vote of all members of the Board who were present, it was
RESOLVED, That the Board of Trustees of the Junior College District of St. Louis - St. Louis County, Missouri authorize Mr. Kenneth Wischmeyer and Associates to proceed with the working drawings for the temporary buildings proposed for the Florissant Valley Community College campus - in accordance with the original suggestions submitted to the Board - as amended by the requirement of the Moline Fire Protection District.

4.2 City Campus - Edmonds Restaurant

The President of the College, Dr. Cosand, recommended that the District rent space in the former Edmonds Restaurant, across from Roosevelt High School, for the purpose of providing office space for the staff of the City Campus. Dr. Cosand stated that the present facilities now being used at Roosevelt were completely inadequate with respect to office space for teachers and administrators alike. Classroom facilities were adequate, however, and would continue to be so until permanent facilities were constructed. Dr. Cosand called upon Vice President Hobson, who reported on the specific amount of space and cost.

A general discussion followed.

Whereupon, on motion by Mr. McCalpin, seconded by Mrs. Bastian, and with the aye vote of all members of the Board who were present, it was

RESOLVED, That the lease of Edmonds Restaurant be approved in principle - said lease to be for a term of twenty-five months at an annual rental of $7,000.00; the terms of said lease to be submitted to the Board for its approval.

5.3 Furnishings for Student Conference Center - Meramec Community College

The President of the College, Dr. Cosand, recommended the approval of quotations for the purchase of furnishings for the Student Conference Center at Meramec Community College. Dr. Cosand stated that those suppliers who bid for these furnishings were Business Interiors, Lammert Furniture Company, and Berry Office Equipment Company. Of the various furnishings required, each supplier bid different manufacturers and on some items, no bid. A committee was organized to analyze the various makes and styles. Based upon quality, decor, and price, it was found that the requirements of the District could best be met by splitting the purchase among the three vendors.
Dr. Cosand therefore recommended that the District purchase the various furnishings for the Student Conference Center from the following suppliers:

5.4 **Reflector Telescope**

The President of the College, Dr. Cosand, recommended the acceptance of the bid, and the awarding of an order, to the Cave Optical Company for a ten-inch Cave-Astrola Cassegrainian reflector telescope. Dr. Cosand told the Board that requests for quotations were sent to several suppliers as to possible sources for a telescope that would be competitive in price and quality. The market was limited and the search proved fruitless. He therefore recommended that the District purchase the above mentioned telescope from the Cave Optical Company for a total cost of $1,810.00. This would be used for instructional equipment in physical science courses at Florissant Valley Community College. This telescope was approved under the NDEA Title 111 grant.

4/13/64
6. **STUDENT PERSONNEL SERVICES**

6.1 **Enrollment Figures**

The President of the College, Dr. Cosand, stated that applications for admission to the Junior College District for the Fall session indicated that the Meramec Community College would probably not be able to take care of all of the students who might wish to enroll in the day program. The same might be true for the Florissant Valley campus. He stated that the late afternoon and evening classes at the City Campus, and at Meramec and Florissant Valley, should be able to take care of the overflow from the day programs. Present estimates for the three campuses indicated that Meramec might enroll 1750, Florissant Valley 1750, and the City Campus some 1600 students.

Dr. Cosand also called upon Dr. Libby, Campus Director of the Florissant Valley Community College, who reported on the projected enrollment for the day program at his campus.

A general discussion ensued.
