

Transfer Application Tips:

- If possible, complete applications online to speed up the admissions process. In some cases, a school may waive the application fee if completed online.
- Pay close attention to deadlines! Make a calendar of important dates and deadlines.
- Proofread your application and supporting materials for grammar and spelling errors.
- Make copies of everything! Keep a separate folder for each school you apply to and stay organized.
- When using e-mail to communicate with potential transfer schools, ensure that your e-mail address is appropriate and that you check it on a regular basis.
- Make sure your application is complete before submitting. An incomplete application may delay the admissions process and may be rejected altogether.
- Have a back-up plan – apply to more than one school.
- Follow up with each school to ensure they have all of the required information and documents.

More students transfer to Missouri's four-year universities from STLCC than from any other college in the state.

Planning to earn a bachelor's degree?

STLCC can help you get started.

St. Louis Community College is the ideal place to get a head start on your four-year degree. With so many classes that transfer to four-year institutions throughout the state – and across the country – you can earn your general education requirements at STLCC for a fraction of the cost of any four-year institution, public or private.

Whether you intend to pursue an associate degree or the 42-credit-hour General Education curriculum, or select a course of study specific to your intended major, you'll want to plan ahead and begin working with STLCC's experienced advisors and your four-year institution to ensure your credits will transfer.

STLCC maintains transfer agreements with the following Missouri four-year colleges and universities:

Culver-Stockton College
Harris-Stowe State University
Lincoln University
Missouri Southern State University
Missouri State University
Missouri Western State University
Missouri University of Science and Technology
Northwest Missouri State University
Southeast Missouri State University
Truman State University
University of Central Missouri
University of Missouri-Columbia
University of Missouri-Kansas City
University of Missouri-St. Louis

Transfer Planning Timeline

4 Semesters before Transferring:

- Speak with an STLCC advisor and/or counselor to assist you with choosing your major and proper coursework.
- Research colleges that offer your intended major(s) and meet your priorities regarding cost, location, size, housing, extracurricular activities, etc.
 - College View: <http://www.collegeview.com/index.jsp>
 - College Navigator: <http://nces.ed.gov/collegenavigator/>
 - Link to all U.S. Colleges & Universities: <http://www.utexas.edu/world/univ/>

3 Semesters before Transferring:

- Narrow your search to three to five colleges. Familiarize yourself with potential institutions' admissions requirements and deadlines, including selective program prerequisites and admission criteria.
- Use the four-year institutions' transfer guides and course equivalency databases to assist you with course selection. Always verify with your potential transfer school that this information is up-to-date.
- Continue to work with an STLCC advisor and your transfer institution to confirm your course selection for your educational plan.

2 Semesters before Transferring:

- Continue selecting courses that transfer appropriately within your intended program of study/major. Always verify with your transfer school.
- Submit your applications for admission and financial aid (FAFSA), along with all of your official college transcripts, to the transfer institutions of your choice. Pay close attention to deadlines!
- Once admitted, complete scholarship and housing applications (as appropriate).

1 Semester before Transferring:

- Complete transferable coursework in your program and apply for your associate degree (graduation), if applicable.
- Request that final official transcripts be sent to your transfer institution at the end of your last semester. Verify that you do not have any financial or administrative holds at STLCC.
- Attend new student orientation sessions at your new school (if possible) or use online orientation tools and register for classes.
