

Distance Learningpgs. 173-180

About Distance Learning - Distance learning uses internet technology to deliver course materials. The types of distance learning courses offered this fall are: Web-Based/Internet and Hybrid.

Registration - You can register online for Distance Learning courses by going to Banner at www.stlcc.edu/SelfService or register in person at any on-campus Admission/Registration office.

Books - Students should purchase books and other materials from campus bookstores before courses begin. Books may be mailed to students at an additional charge. Books may also be ordered online. Go to www.stlouiscbookstore.com.

Accessibility - Individuals with disabilities who are in need of auxiliary aids or accommodations should contact the campus Access office. All distance learning students have access to campus services, including advising, study skills and tutorial assistance, libraries, and learning labs. See page 8 for Access office information.

Students must activate their student e-mail account – my.stlcc.edu – in order to receive correspondence via Blackboard. Visit www.stlcc.edu/studentemail for information on how to activate your account.

Blackboard - Blackboard course sites are used in many St. Louis Community College courses each semester. Students use Blackboard to:

- Find important class documents, such as the syllabus, handouts and lecture notes.
- Easily access e-reserves.
- Look up assignment due dates and exam schedules.
- Read class announcements.
- Participate in online discussions.
- Take quizzes and tests.
- Turn in assignments.
- Check grades.

Instructors may or may not use Blackboard. AOL, EarthLink, Prodigy and a few other Internet Service Providers (ISPs) offer versions of their own Internet browsers. These browsers may not work with Blackboard. We recommend that you download a free version of IE (Internet Explorer 5.5 or higher with JavaScript and Cookies enabled) to access Blackboard. Check with your instructors to find out how or if you are expected to use Blackboard. **For more information or to log in to Blackboard, go to www.stlcc.edu/blackboard/.**

Do you have what it takes to be a successful Distance Learning student? - Take the online quiz to see if you are a good candidate for a Distance Learning course. The quiz is online at www.stlcc.edu/distance_learning. You will receive instant feedback.

Web-Based/Internet Courses

Web course students attend class using a computer connected to the Internet. The computer can be at home or in a campus lab. Students need access to a computer that is connected to the Internet, a standard Internet Service Provider, an activated my.stlcc.edu student e-mail address (visit www.stlcc.edu/studentemail for details on how to activate) and some basic computer/Internet skills. Web courses can be worked on at anytime day or night.

Some courses may require attendance at an orientation session and/or participation in activities or exams at an approved testing site. For more information about a given course, check the interactive schedule for orientation and exam requirements at http://classes.stlcc.edu/ClassSchedule/Term_Search.asp.

For more information about a given course or to check the orientation schedules, please check the Web site www.stlcc.edu/distance_learning.

AOL, EarthLink, Prodigy and a few other Internet Service Providers (ISPs) offer versions of their own internet browsers. These browsers may not work with Blackboard. We recommend that you download a free version of IE (Internet Explorer 5.5 or higher with JavaScript and Cookies enabled) to access Blackboard.

Course	Section	CRN	Course Title	Credits	Day	Time	Dates

Distance Learning

Course	Section	CRN	Course Title	Credits	Day	Time	Dates
Hybrid							
Hybrid courses meet part of the semester on campus and part of the semester over the Web. Using the Internet, a percentage of the course instruction and/or assignments is exchanged via the Web, while the remainder of the course is delivered via traditional on-campus class meetings. Student will need access to the Internet, an activated mystlcc.edu student e-mail address (visit www.stlcc.edu/studentemail for details on how to activate) and other computer-based tools. Check with your instructor for further information.

So many choices...
maybe I should
see an advisor?

Yes, you should.

Whether you're planning to transfer, pursuing an associate degree, or training for a new career, STLCC's advisors can help you make realistic and well-informed decisions about your educational path.

Advisors can assist you with:

- Academic advising
- Career information advising
- Course selection
- Degree requirements
- Graduation checks
- Student referrals
- Transfer advising

Advisors are available on any campus to speak with you on a walk-in or appointment basis, by phone or online at www.stlcc.edu/advising
