

Distance Learningp. 200-211

About Distance Learning - Distance learning uses Internet technology to deliver course materials. The types of distance learning courses offered are: Online and Hybrid.

Students are required to have access to a computer with a reliable Internet connection to participate in Distance Learning courses. Interaction and instruction between students and the instructor will take place via the Internet; some instructors may use Blackboard, e-mail, discussion boards, etc.

Students must activate their student e-mail account – my.stlcc.edu – in order to receive correspondence from instructors. Visit www.stlcc.edu/studentemail for information on how to activate your account.

Individual courses may have software and/or hardware access requirements as well, i.e. Microsoft Word, Excel, PowerPoint, Access, Web cams, etc. Please check the course notes on the interactive schedule at www.stlcc.edu/interactive. For technology requirements visit www.stlcc.edu/distance_learning.

Are you ready for Distance Learning? Take the READI online assessment to help identify your strengths and opportunities for growth. READI is easy to take!

1. Log in at <http://stlcc.readi.info>
2. Type **online** as the Username
3. Type **learner** as the Password

You will receive a full-color report immediately following the completion of READI. All students planning to take an online course are encouraged to complete this assessment prior to enrollment. Your READI score will not prevent you from registering for online classes, but will provide you with information and tools to help you succeed in online courses.

Registration - You can register for Distance Learning courses online by going to Banner at www.stlcc.edu/selfservice or in person at any campus Admission/Registration office. For more information, see Page 6.

Books - Students should purchase books and other materials from campus bookstores before courses begin. Books may be mailed to students at an additional charge. Books may also be ordered online. Go to www.stlouiscbookstore.com.

Accessibility - Individuals with disabilities who are in need of auxiliary aids or accommodations should contact the campus Access office. All distance learning students have access to campus services, including advising, study skills and tutorial assistance, libraries, and learning labs. See Page 10 for more information on Access office services.

Blackboard - Blackboard course sites are used in many St. Louis Community College courses each semester. Students use Blackboard to:

- Find important class documents, such as the syllabus, handouts and lecture notes.
- Easily access e-reserves.
- Look up assignment due dates and exam schedules.
- Read class announcements.
- Participate in online discussions.
- Take quizzes and tests.
- Turn in assignments.
- Check grades.

Instructors may or may not use Blackboard. AOL, EarthLink, Prodigy and a few other Internet Service Providers (ISPs) offer versions of their own Internet browsers. These browsers may not work with Blackboard. We recommend that you download a free version of IE (Internet Explorer 6.0 or higher with JavaScript and Cookies enabled) to access Blackboard.

Check with your instructors to find out how or if you are expected to use Blackboard. If Blackboard will be used, you must log in to the course from www.stlcc.edu/blackboard. To enter Blackboard for the first time: click *Enter* and then use your MySTLCC ID and password. Follow the directions upon entering the course. **For more information, go to www.stlcc.edu/blackboard.** More information on the MySTLCC ID can be found at www.stlcc.edu/mystlcc/help.

Illuminate Live!

Selected online courses may use Illuminate Live!, a real-time, synchronous, virtual classroom tool that is accessible through Blackboard. Illuminate Live! offers students the opportunity to use audio, video, chat, whiteboard and application sharing in an online course environment.

Students participating in Illuminate Live! course sections **must have a headset with an attached microphone**. Headsets are available in the campus bookstores. Specific system requirements can be found at www.illuminate.com/support/min_requirements.jsp.

For more information on the features of Illuminate, including user tutorials and technical support, please click on the Illuminate Live! logo at www.stlcc.edu/distance_learning.

For more information or assistance on Distance Learning courses, contact Phil Hanson at phanson@stlcc.edu or 314-539-5185.

Course descriptions begin on page 212 or view online at stlcc.edu/catalog.

Are you ready for Distance Learning?

The READI online tool will help identify your strengths and opportunities for growth related to distance learning:

- **Individual Attributes** (e.g., procrastination, time management, willingness to ask for help, academic attributes)
- **Learning Styles** (What is your predominant learning style??)
- **Technical Competency, Skills and Knowledge**
- **Reading Rate and Recall**
- **Typing Speed and Accuracy**

You will receive a full-color report immediately following the completion of READI. Your READI score will not prevent you from registering for online classes, but will provide you with information and tools to help you succeed in online courses.

READI is easy to take!

- Just log in at <http://stlcc.readi.info>.
- Type online as the Username
- Type learner as the Password

Call 314-539-5185 or e-mail
phanson@stlcc.edu
for more information.

This assessment takes about 20-30 minutes of your time, but is critical to success in online courses. We encourage all students planning to take an online course to complete this assessment prior to enrollment. Take the READI assessment (Readiness for Education At a Distance Indicator) to learn more about yourself, distance learning and how to succeed.

EXPANDING MINDS • CHANGING LIVES

Hybrid Courses

Online course students attend class using a computer connected to the Internet. The computer can be at home or in a campus lab. Students need access to a computer that is connected to the Internet, a standard Internet Service Provider, an activated my.stlcc.edu student e-mail address (visit www.stlcc.edu/studentemail for details on how to activate) and some basic computer/Internet skills. Online courses can be worked on at anytime day or night.

Interaction and instruction between students and the instructor will take place via the Internet; some instructors may use Blackboard, e-mail, discussion boards, etc. Homework will be submitted online.

Some online courses may require attendance at an orientation session and/or participation in activities or exams on campus or at an approved testing site. For more information about a given course, check the interactive class schedule at www.stlcc.edu/interactive.

AOL, EarthLink, Prodigy and a few other Internet Service Providers (ISPs) offer versions of their own internet browsers. These browsers may not work with Blackboard. We recommend that you download a free version of IE (Internet Explorer 6.0 or higher with JavaScript and Cookies enabled) to access Blackboard.

Online Courses

Hybrid courses meet part of the semester on campus and part of the semester online. Students will need access to the Internet, an activated my.stlcc.edu student e-mail address (visit www.stlcc.edu/studentemail for details on how to activate) and other computer-based tools. For more information about a given course, check the course notes on the interactive class schedule at www.stlcc.edu/interactive.

Course	Section	CRN	Course Title	Credits	Day	Time	Dates
ACC:100	374	15642	Applied Accounting	3 cr	TBA		1/18-5/15
