**Nonprofit Essentials**

#### Establishing and Running a Nonprofit Organization: Part I
This popular seminar provides an overview of the legal basics for establishing and running a nonprofit organization. Presented by Amy Hereford, an attorney and entrepreneur who speaks from her experience in working with nonprofit start-ups. Class includes practical tips, useful resources including the Nonprofit Tax-exempt Corporation Workbook, an e-book (PDF) that presents the process of establishing a nonprofit in a step-by-step format with ample space for notes, charts for gathering necessary information and tables for developing time-lines and assigning responsibilities. Program is an excellent tool for assisting in nonprofit formation, orienting new board members and nonprofit directors.

**General Information**

**American Heart Association**

St. Louis Community College offers a wide selection of courses and workshops. Please take a few moments to read the course descriptions. There are new offerings that have been developed in response to requests.

Courses are approved or pending approval for continuing education credit as noted. Approval by another accrediting entity or for professional licensure is the sole responsibility of the participant.

Unless otherwise announced, contact hours will be awarded to participants who attend the entire educational activity (single session); or 80 percent of an activity that meets multiple sessions, and who complete the education activity evaluation.

St. Louis Community College is an approved provider of continuing nursing education by the Midwest Multistate Division, an accredited approver by the American Nurses Credentialing Center’s Commission on Accreditation.

St. Louis Community College believes that all planners, presenters and content experts taking part in continuing nursing education learning activities must adhere to a fair, unbiased and evidence-based approach in presenting content and declare any relationships with commercial organizations. Any real or apparent conflict of interest will be disclosed to participants.

When commercial support is received for a continuing nursing education activity, the planning committee will maintain complete control of speaker selection and content.

Allied Health Continuing Education of St. Louis Community College serves as a Community Training Center for the American Heart Association whose mission is to reduce disability and death from cardiovascular disease and stroke and set guidelines for emergency cardiovascular care and training. The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS and PALS and has developed instructional materials for this purpose.

Use of these materials in an educational course does not represent course sponsorship by the American Heart Association. Any fee charged for a course, except for a portion of the fee needed for American Heart Association course material, does not represent income to the Association.

**Clinical and Field Work**

Some degree and certificate programs offered by the college require students to obtain clinical or other field experience as part of their course work. Students with criminal convictions or drug use may have difficulty progressing in these programs. Hospitals and facilities may mandate that a criminal background check and/or drug screening check (at the student’s expense) may be conducted prior to placement in a clinical or field setting. Students not passing these checks may be prohibited from participating in the clinical or field experience, thus rendering the student ineligible to satisfactorily meet the course/program requirements. Students should contact an academic advisor or the program coordinator for further details.

**Exclamation Point!**

Sarah Guldalian was the best instructor yet. Terrific background, thorough, creative, able to answer any questions, engaged the class inviting comments while managing her time, excellent PowerPoint handout. Building nonprofit database for members, employees, volunteers, donors, similar institutions (local-regional-national).

Healthcare Occupations

Nurse Assistant for Nursing Homes

This training is held from 6/2 - 8/6. Register in person only in Continuing Education at Forest Park G 322/324.

This training meets requirements of the Missouri Omnibus Nursing Act. The course exceeds the required 75 hours classroom instruction and 100 hours of supervised on-the-job training. Class meets twice a week for 20 sessions; each four hours in length. The 104 hours of on-the-job training are in addition to the scheduled class time. Course content includes training in basic nursing skills, fire safety, disaster training, nursing home resident safety and rights, the social and psychological problems of nursing home residents, methods of caring for mentally confused residents such as those with Alzheimer’s disease and related disorders, food service, personal care, elimination, restorative nursing, infection control and special procedures. Upon successful completion of the course the student is eligible to take the final examination. A strict attendance policy is enforced throughout this training. Prerequisite: Family Care Safety Registry Worker Registration letter is required at time of registration. Only original letter will be accepted. Letter cannot be older than six months. Register online at www.dhss.mo.gov/FCSR/ to obtain letter. To enroll in this state approved training program the student must be employable in a skilled nursing facility or intermediate care facility in direct resident care. This will be assured by verification with the criminal background check, 5 Panel drug screen, Family Care Safety Registry Worker Registration, state registry for nurse assistants and the EDL. Intermediate or higher proficiency in English is recommended.

CPR Instructor Course
The Instructor Course is designed to prepare American Heart Association (AHA) instructors to disseminate to participants enrolled in AHA courses the science, skills and philosophy of resuscitation programs. The purpose of the AHA BLS/CPR Instructor Course is to provide instructor candidates the knowledge and skills necessary to reach and teach potential BLS providers. The AHA BLS/CPR Instructor course provides a structured initiation for the instructor candidates and serves as the foundation for their development. It provides instructor candidates the opportunity to develop and refine their presentation skills. Please note there is extensive self-paced course work. Access to a computer will be necessary for this course work. Prerequisite required at time of registration: Current AHA Healthcare Provider CPR card. Registration three weeks prior to course start date is required to ensure arrival of pre-course materials and completion of extensive pre-course work. Per AHA requirements, within 6 months of the initial instructor class, a STGCC TC Faculty member must monitor the instructor candidate’s teaching and verify the performance of the candidate’s provider skills. The instructor candidate will pay an additional fee for this monitoring. Due to the nature of this course, you must arrive on time. No admittance after the stated start time. Registration/Refund/Withdrawal deadline: 7/13.

Shibori Dyed Scarves
Do you love scarves? What could be better than making one just the way you want? Learn Shibori techniques to add pattern and color to your scarves. Shibori dyeing is an ancient technique that literally means “shaped-resist dyeing”! The shaping process leaves areas undyed that become patterns when the cloth is dyed. Rather than treating cloth as a two-dimensional flat surface, shibori techniques give it a three dimensional form by folding, crumpling, stitching, plaiting, or plucking and twisting. A cloth may be dyed repeatedly using a different shaping method each time. Also learned in the class is dye removal, you will add color, remove color, and add more color. Leave with 8 finished scarves at the end of class. Learn many stitched and folded Shibori techniques as well as vat dyeing and dye removal. Supplies included in the cost of the class. Bring ziplock bags, rubber gloves and an old towel to class. Dress to work with dye.

Exploring the Creative Process

Unleashing the Writer Within
Every one of us has a special story to tell, but it can be hard in this busy modern world to access that creativity. In this class, we’ll peel away the familiar outer layers of doubt, distraction and writer’s block. We’ll get to the core of what we’re actually trying to say, and we’ll learn to say it with language that is irreplaceably unique to each of us. When the writer within is unleashed, the words will come freely—and the stories we need to tell will finally occur to us. It will not be a class requirement, but those interested in sharing their work will receive the benefit of a thorough, productive critique from the instructor and fellow students. You’ll need to make copies of your work to share.

Creative Writing Workshop
This class is for beginning or experienced writers. We’ll emphasize self-exploration and experimentation through a variety of activities. This will include reviewing other creative works and engaging in writing exercises that will stimulate your thinking as you learn to convey ideas effectively. Throughout the day, you’ll sharpen your creative voice and discover what works best for you. Bring a sack lunch—you’ll have the opportunity to ask individual questions and share your experiences.

The Craft of Writing

Writing Basics Brush-up (What You Should Have Learned in High School)
Few of us will admit it, but even the best writers can’t always remember the difference between “affect” and “effect” or “then” and “than.” If you sometimes struggle with the basics in your writing, come join us. You’ll brush up on proofreading, grammar, sentence structure, and word usage. Lit agents and magazine editors throw error-filled manuscripts into the rejection pile, no matter how mesmerizing your metaphors. With good copy editors costing around $50 per hour, it pays to write well enough to avoid them as much as possible. Review the basics and you’ll be able to edit your own work like a pro.

Elements of the Writer’s Craft: An Introduction to Fiction Writing
Good fiction writing requires more than simply telling a story. While painters must master elements such as background and brushwork to turn a picture into a work of art, so too, do writers need to focus and hone their own set of technical elements. The mastery of the elements of the writer’s craft causes a story to truly shine. This class aims to introduce the novice to some of the more important and prominent elements of the writer’s craft through a mixture of lectures and exercises.

Writing for the Internet
Even those who don’t know the difference between SEO and an SOS can learn some simple techniques to help transition their writing to the web. Whether you’re a small business owner or hobbyist blogger, you’ll pick up useful information including the basics of search engine optimization (SEO) and how to use text features like headlines, key words, headings, lists and links to make whatever you write a better fit for the internet. And don’t worry, you won’t need programming or computer coding skills to make your writing work for the web. Students are advised to bring their laptop or tablet computer to class.

Social Media for Writers
Facebook, Twitter, Google Plus, Pinterest, Instagram—it seems like there’s a new “must have/must do” social media platform popping up every week. As a writer, you’re told by agents, publishers, and fellow writers that you need to have a presence, a platform, a brand. Just what does that mean? Which tools should you use? How much do you have to do? And how do you do it right? In this one-day workshop, you’ll explore the various social media channels available for aspiring and established authors, discuss best practices and do’s and (in particular) don’ts, and get started on setting up your own account. Mining Your Soul Story
Our bodies record the sum of our experiences. Writing allows us to make meaning out of these memories. It separates what we are experiencing or have experienced from our reaction to it. Focused writing can be used to heal and manage pain. Using various prompts, reflective journaling time, and shared conversation, you will be given tools for mining and writing your own soul story. This workshop is intended for everyone—whether you are new to writing or a long-time journal writer. Bring a sack lunch.

Introduction to Romance Writing
Whether you’re writing psychological thrillers, category romance, young adult novels, or anything in between, there’s a good chance at least one of your characters will fall in love. We’ll explore the differences between the romance genre and using romantic elements in other areas of fiction. We’ll also discuss the use of tropes and themes in all subgenres of romance and how best to structure your novel for pulse-racing romantic tension. You’ll have the opportunity to share work, ask questions and gain in-class feedback. (Although this class has a heavy emphasis on genre romance, writers of all genres are welcome to attend.)

Writing Fiction for Young Adults
J.K. Rowling, Susan Collins, John Green, Sherman Alexie - some of the biggest names in fiction these days, write for children and young adults. YA fiction covers a variety of genres from the literary realism of “The Absolutely True Diary of a Part-time Indian” to the dark, dystopian fantasy of “The Hunger Games.” YA literature is so compelling that more than a quarter of readers are not teens at all, but rather adults. In this class, we’ll explore what makes a novel a YA novel and discuss aspects of character, plot, and voice and how they shape the YA book. Students will engage in class writing exercises, and will finish the course with an outline or synopsis and first chapter of their YA novel.

Eclipses, Meteors & Comets
There is much more to the skies than just star gazing. Some of nature’s most spectacular astronomical phenomena were at times terrifying to peoples of the past. They include lunar and solar eclipses, meteor showers and bright comets, all of which can be enjoyed with nothing more than the unaided eye. Learn how to enhance those experiences with inexpensive tools such as binoculars and how to do safe solar eclipse observing with appropriate but inexpensive items such as “eclipse glasses.” This is your chance to learn how to do all this from an experienced observational astronomer and past president of the St. Louis Astronomical Society.

Predators: Making Your Coop Secure
Secure your investment in your chickens and ward off potential predators before they attack! There’s nothing worse than having your chickens attacked by a predator. If you’re new to raising chickens, you might not be aware of what predators are around. Or, you may think that since you live in the suburbs or within city limits, you don’t have to worry about predators. Take the offensive and learn how to protect your flock from birds of prey, foxes, coyotes and the occasional raccoon, possum, mink and weasel. Examine coop security: trapping through box traps, snares, leg and body traps; netting; and simple tactics to scare off predators. You’ll also learn about the laws surrounding protection of your flock and the associated safety precautions of your actions.

U.S. War with Mexico
America's first foreign war, fought all the way across the Rio Grande River in Texas, was a bloody affair. The percent of casualties in the Mexican war was actually higher than in the Civil War. Openly fought for territorial gain, the war brought new states and territories into the United States. Many Americans were ashamed of the war, but others were delighted. It was here that Robert E. Visit the Lincoln Presidential Museum detailing the life of our nation’s 16th president, from his humble beginnings to his lasting achievement. Enjoy a delicious lunch at Arlington’s before a tour of the old State Capitol followed by a stop at Lincoln’s final resting place to learn about the precautions taken at the Lincoln Tomb to thwart grave robbers. Then, ride the Amtrak train from Springfield, IL back to the downtown station. Your curator will be there to pick you up and return you to Meramec. Trip includes guided tour, transportation, admissions, lunch and gratuities. Meet tour bus in Lot E on NW side of the Meramec campus. Must be able to lift leg 12 inches to board Amtrak train. Withdrawal deadline for refund: 7/11.

Quincy, IL: See the Unexpected!
We’ll arrive at Underbrink’s Bakery for a behind the scenes tour and to enjoy a sweet tray of their tasty treats. This authentic German Bakery has been open since 1929. You’ll also explore stunning interior murals of nearby St. Francis Catholic Church (built in 1884) as well as their extensive Gothic Revival style white marble adornments. Next is a narrated architectural tour of this river city. Styles range from an authentic Mediterranean villa built on the Mississippi Bluffs in 1900, majestic mansions on Main Street, to the humble shotgun houses in the city’s German District, Calftown. You’ll enjoy a buffet lunch at The Pier, cantilevered over the Mississippi. There will be a visit to Villa Katherine, the Mediterranean castle overlooking the Mississippi built in 1900, plus a tour of two private homes in Quincy’s renowned East End Historic District. Trip includes guided tour, transportation, lunch, admissions, tastings and gratuities. Meet tour bus in Lot E on NW side of the Meramec campus. Field trip release form required. Withdrawal deadline for refund: 6/10.

Motorcycle Rider Training

Motorcycle Safety Basic Rider Course (BRC)
The Basic Rider Course (MSF-BRC) is geared toward the novice motorcyclist or scooter operator, but will also provide an excellent skills update for the returning rider or those experienced with no previous formal training. The course consists of classroom and on-bike instruction with furnished motorcycles or scooters (loaner scooters are limited - check availability before registering; however personal scooters are permitted). Those who successfully complete the course will be issued a completion card from the Missouri Motorcycle Safety Program which is a waiver for the road test portion of the Missouri license endorsement. Students must be at least 15-1/2 years old and able to ride a bicycle. Those under 18 years of age must have a release form signed by a legal guardian or parent. Students must bring DOT-approved helmet (loaner helmets available), boots, gloves, long-sleeved jacket or heavy shirt, eye protection, sturdy pants, bring a photo ID, and show proof of medical insurance. At the discretion of the instructors, students who are unable to safely operate the motorcycles will be dismissed from class for their own protection and the safety of the group. No refunds will be given if you are unable to complete the class for any reason. Class held rain or shine. Call for a detailed brochure: (314) 984-7777. To view a 5-minute video of Basic Rider Course highlights, go to msf-usa.org.

National Tennis Rating Program (NTRP)

1.0  This player is just starting to play tennis.
2.0  May have had some lessons; needs on-court experience.
2.5  Can sustain a short rally of slow pace; needs to develop form.
3.0  Consistent on medium-paced shots; needs work on form and strategy.
3.5  Consistent with directional control; needs to work on specialty shots.
4.0  Dependable with directional control and depth; has some specialty shots. Needs to play more percentage tennis.

Designations used as a tool to assist students when registering for tennis classes:

Beginning I (1.0-2.0): Designed for beginners and those who have limited experience with basic tennis strokes. Proper techniques of all strokes will be covered. Drills will be used and tennis etiquette and rules will be discussed. Players will be grouped according to ability.

Beginning I and II (1.0-2.5): Designed for beginners and those who need to brush up on the basics. Techniques covered are forehand, backhand, serve, volley, basic strategy as well as drill exercises. Players will be grouped according to ability.

Beginning II (2.5): Further emphasized is proper stroke development and footwork through the use of drills. Tennis etiquette and rules will be reviewed. Constancy of stroke production is a major goal.

Intermediate I (3.0-3.5): A refresher on proper stroke execution. Drills are used and emphasis is on improved consistency and directional control. Strategy and some match play are covered.

Intermediate II to Advanced (3.5-4.0): This course includes more advanced drills, work on strategy and match play, with a goal of playing better percentage tennis.

Bring tennis shoes and racket. Tennis balls provided. Facilities may not be air-conditioned. Please dress appropriately. Every effort will be made to schedule a make-up class for outdoor classes missed due to rain-outs. However, no refunds will be given for rained-out classes.

Students Rights and Responsibilities  
All students are responsible for adhering to college policies and procedures. Please refer to stlcc.edu/need2know.

Postponement/Cancellation Due to Inclement Weather  
Occasionally, continuing education classes are cancelled due to inclement weather. Cancellations will be broadcast on KMOX-AM (1120) and on KMOVTV, KSDK-TV and KTVI/Fox 2. In addition, all location closings will be posted on the college website: stlcc.edu. When St. Louis Community College cancels classes, off-campus classes are also cancelled. In addition, when a particular host school district or institution closes, the continuing education classes at that location will not meet.

Refund of Fees  
Since continuing education (non-credit) classes are self-supporting, the decision to run a class is based on the number of people enrolled. The college reserves the right to cancel if sufficient enrollment is not achieved. Registrants will be notified by phone, mail or email if a class is cancelled. Full refunds will be issued for classes cancelled by the college.

If you drop a class, you will receive a 100 percent refund for most classes if the class is dropped one business day before the first meeting. A 50 percent refund will be given for most classes dropped between one business day before the first class meeting and prior to the second meeting of the class. See the course schedule for classes (such as daytrips) that require notice beyond one business day for cancellation and eligibility for a refund.

Requests of withdrawals should be submitted in writing to the Continuing Education office. Calculation of refunds will be based on the date the written request is received by the office. If you have a situation that warrants an override of the above policy, an explanation of the circumstances should be made in writing to the Continuing Education office. Refunds should be received within 30 days.

Fee Reduction for Older Adults  
Older adults (those 60 years and older) may enroll in most courses for a reduced fee. This reduction is half the price of the class fee only, plus whatever material costs are associated with the class. Material costs include fees for expenses such as books and materials, facility usage, tour and travel costs, computer lab usage, online courses, food supplies and other items needed for the course. NOTE: Those wishing to take advantage of this fee reduction must do so at the time of registration. Before registering, please contact the Continuing Education office to see if your course contains a material fee.

Senior Citizen Scholarship  
Missouri residents who are at least sixty-five years of age will be awarded a scholarship to be exempt from maintenance fees to enroll in courses on a space available basis. There will be a non-refundable registration fee of $5 per course to a maximum of $25 per semester. Student is responsible for other fees, such as materials, supplies and books. At the earliest, students may enroll in the class two days prior to the first class date. Students may not receive a refund for a paid course in order to enroll for a scholarship space in that same course. PLEASE CALL THE CONTINUING EDUCATION OFFICE TO GET SPECIFICS REGARDING THE SENIOR SCHOLARSHIP. The senior scholarship discount does not apply to online classes.

Safety and Program Guidelines for Youth Classes  
All children under the age of 16 who are enrolled in programs through the St. Louis Community College Office of Continuing Education must be accompanied and signed-in by a responsible party at the beginning of each program session. In addition, a responsible party must also meet the participant at the end of the session and sign them out. Appropriate behavior is expected. Students may be disenrolled for misbehavior.

Unattended Children  
Students are not permitted to bring children to class, nor should children be left unattended in the halls, offices, library or common areas. The college reserves the right to protect the safety and welfare of unattended children. If students leave children unattended, the college will institute disciplinary action.

Textbooks  
Textbooks can be purchased at the campus bookstores.

Library and Computer Lab Privileges  
If you are registered in continuing education courses, you may enjoy library and computer lab privileges by showing your student ID. To obtain a student ID take your paid fee receipt to the Campus Life office and the personnel there will provide you with an ID.

 Firearms on College Property  
Except for licensed police officers, no person shall possess or carry any firearm, visible or concealed, on college property (including college buildings and grounds leased or owned by the college-college athletic fields and parking lots) or in any college van or vehicle or at college-sponsored activities. College employees, students and visitors who hold concealed carry endorsements as allowed by Missouri law may not carry or bring any firearms, visible or concealed, on college property, owned or leased or at any college activities.

 Non-Discrimination/Accommodations Statement  
St. Louis Community College is committed to non-discrimination and equal opportunities in its admissions, educational programs, activities, and employment regardless of race, color, creed, religion, sex, sexual orientation, national origin, ancestry, age, disability, genetic information, or status as a disabled or Vietnam-era veteran and shall take action necessary to ensure non-discrimination. Sexual harassment, including sexual violence, is also prohibited. For information or concerns related to discrimination or sexual harassment, contact William Woodward, Associate Vice Chancellor for Student Affairs, 314-539-5374.

If you have accommodation needs, please contact Anne Marie Schreiber, 314-984-7704, at least two working days prior to the event.

Since 1962, more than 1.2 million people have passed through our doors to take a class, earn a degree, upgrade their career skills or enrich their lives. Each year, more than 80,000 students enroll in:

- College transfer and career programs leading to associate degrees
- Job skill and personal development classes
- College preparatory courses
- Specialized performance programs sponsored by local employers

Master degrees in Arts, Science, Fine Arts, Applied Science and Teaching are offered as well as Certificates of Proficiency and Specialization. The college's Workforce Solutions Group also serves the local business community through assessment, counseling, consulting and training services.

Learning is convenient via:
- Four campuses—Florissant Valley, Forest Park, Meramec and Wildwood
- Three education centers—south and north St. Louis County and north St. Louis City
- Numerous business, industrial and neighborhood sites throughout the metro area
- Online instruction

Governed by a board of six elected trustees and supported by local taxes, state funds and student fees, the college has an annual budget of more than $200 million. The college is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. St. Louis Community College focuses its resources on helping students find the right academic and career pathways. Through its alumni and community partnerships, the college is helping St. Louis become the best place to live and work in the 21st century.
