Meramec Announces Inductees For Magic Hall Of Fame

St. Louis Community College - Meramec will induct soccer player Mike Kelley and softball players Angie Scharnhorst and Juliet Scherer into the Magic Hall Of Fame during ceremonies next spring.

Kelley, a two-time NJCAA All-American, was a part of the 1976 national championship team under coach Pat McBride. Kelley scored one goal and assisted on two others in the 3-2 title game win over Mercer County (NJ.)

Scherer was a rare catcher with speed, swiping 40 bases in 41 attempts in 1994. Her freshman squad in '93 finished fourth in the nation. She later played both softball and ran cross country for Div. I Bradley University.

During the 1995-'96 seasons, Angie Scharnhorst won every honor possible, including a pair of All-American awards. She led Meramec to fifth and third place national finishes and played in the College World Series for Texas in 1997.
