STLCC-Meramec's Bottger Garners Trio Of Honors

Long-time STLCC-Meramec Manager of Athletics Bob Bottger has recently earned a trifecta of honors, both nationally and locally.

Bottger will be inducted into the NATYCAA (National Alliance of Two Year College Athletic Administrators) Hall of Fame during its June conference. The hall honors outstanding individuals who have excelled in athletics administration. Bottger is in his seventeenth year at Meramec.

"I am very proud of NATYCAA as an organization," said Bottger. "It is a tremendous help to administrators across the country. The Hall of Fame induction is humbling."

The NATYCAA was founded in 1987 with Bottger as one of its ten original Founding Fathers and also served as its president from 1990-'91.

And, Bottger has also been named the Professional Employee Of The Year for the Meramec campus.

"This award is a reflection of the many dedicated individuals we have in our departments. I am proud they have been recognized," said Bottger.

In addition to his normal duties, Bottger was recently elected as the new Region XVI Men's Director, succeeding Harold Oetting. His two year term started Apr. 16.
