### **Meramec Names McQueen New Softball Head Coach**

Former player and Magic Hall Of Fame member **Linda McQueen** has been named the head softball coach at St. Louis Community College - Meramec. "I'm pretty excited about the opportunity," said McQueen. "I want the game to be fun and enjoyable and to go back to the success we had in the past."

The new Magic coach was a big part of that success as a player in the 1977 and '78 seasons and as an assistant coach in 2004 when the Magic were national runners-up. She was an NJCAA All-Tournament team selection in 1978 when Meramec finished second at nationals.

McQueen will continue in her position as varsity softball coach at Lutheran South High School. Softball is a fall sport in high school, and a spring sport on the collegiate level.
